

Dr. Iwuchukwu Wins Presidential Award

Dr. Christy Iwuchukwu wins the Girma Wolde-Giorgis Presidential Award for using communication to empower and inspire global environmental change.

LAS VEGAS, NV, UNITED STATES, May 27, 2025 /EINPresswire.com/ -- Dr. Christy Iwuchukwu has been honored with the Girma Wolde-Giorgis Presidential Award for Environmental Protection, recognizing her lifelong commitment to empowering people through communication and public speaking.

The award, named after the former President of Ethiopia, Girma Wolde-Giorgis, celebrates global leaders who champion environmental preservation and education. During his presidency, Wolde-Giorgis was adamant about protecting Ethiopia's natural environment. His legacy included a powerful initiative: for every tree cut down, two more had to be planted. His understanding of environmental preservation led him to establish a "no dumping waste" policy in Ethiopia, preventing international companies from leaving waste in the country. His passion for seeing Ethiopia emerge as a global leader in environmental conservation inspired him to enact environmental protection laws.
