

Florida Mesothelioma Victims Center Strongly Recommends the Gori Law Firm for a Former Plumber with Mesothelioma or Lung Cancer Anywhere in Florida-Hire Better Lawyers-Get Better Compensation

TAMPA , FL, UNITED STATES, May 13, 2025

/EINPresswire.com/ -- The Florida Mesothelioma Victims Center says, "If your husband or dad who now lives in Florida was a plumber and he has recently been diagnosed with mesothelioma or lung cancer we recommend the Gori Law Firm and we are encouraging you to call them at 866-532-2106. The Gori Law Firm is one of the nation's top mesothelioma-asbestos exposure lung cancer law firms, they consistently get top compensation results for their clients, and they have an office in Orlando. We want to emphasize the lawyers at the Gori Law firm are exceptional when it comes to assisting people with compensation for mesothelioma or asbestos exposure lung cancer.

"A plumber working in the mid to early 1980s or before might have had daily exposure to asbestos in countless ways. These include working on boilers, furnaces-hot water tanks, water pumps, repairing wall pipes, and or installing new pipes in new construction. In new construction or pipe repairs frequently, a plumber had contact with insulation that contained asbestos. In manufacturing or industrial workplaces, a plumber might have been required to make emergency repairs where they were forced to have to deal with asbestos. In older buildings-homes asbestos exposure is still a fact of life plumbers must deal with.

"If your husband or dad in Florida has just been diagnosed with mesothelioma or lung cancer and he is a former or current plumber please call the Gori Law Firm at 866-532-2106. The Gori Law Firm is a remarkable law firm, and they overachieve for their clients every day." www.gorilaw.com

Suggestions from the Florida Mesothelioma Victims Center for people with mesothelioma or asbestos exposure lung cancer in Florida or nationwide on how to increase potential financial compensation:

* "Do you recall the specifics of how you were exposed to asbestos at work, in the military or both-and when this exposure occurred? This is incredibly important information.
