

# Introducing The Prayer Pillow – A Faith-Based Sleep Booster Kids Will Love, From the Makers of The Dream Pillow

DELRAY BEACH, FL, UNITED STATES, May 19, 2025 /EINPresswire.com/ -- Families seeking meaningful ways to nurture faith and calm at bedtime now have a new companion: the [Prayer Pillow](#). Designed to help children wind down through nightly prayer and reflection, this soft, faith-based product turns bedtime into a cherished moment of spiritual connection.

Each Prayer Pillow comes as a kit with 60 special notepad slips for kids to write or draw their personal prayers, a set of uplifting prayer-themed stickers, and a plush, lovable pillow character to cuddle with all night long. The product is available in four charming "Dreamimal" variations - Sharky, Lamby, Pinkie, and Snowy - and comes beautifully packaged, making it an ideal Christian gift for baptisms, birthdays, church events, or holidays.

The Prayer Pillow is more than just a cute stuffed animal - it's a tool for building daily prayer routines, instilling gratitude, and creating peaceful sleep habits. It's backed by the same science-supported bedtime method made popular by the [Dream Pillow](#), a product invented by 7-year-old Harper Miller that gained national attention after being featured on Good Morning America. Both products are rooted in the idea that expressing hopes, dreams, and prayers before bed can ease children's minds and improve emotional and physical rest.

"There is something really powerful that happens when kids put their prayers to paper & tuck it inside their Prayer Pillow. It turns fear into faith." said Jenna Miller, mom and CEO at Dream Pillow.

Crafted with care from 100% natural cotton, the Prayer Pillow is safe, soft, and designed for hugs. Its prayer-centered routine can help children feel more grounded, supported, and spiritually connected - whether used at home, during travel, or as part of church or youth group activities.

#### Key Features of the Prayer Pillow Collection:

- Encourages daily prayer and faith-building bedtime habits
