

Tom Jackobs Introduces AI-Human Answering Service for Private Pay Medical Practices

New hybrid solution helps clinics increase appointment bookings and reduce missed calls without losing the human touch.

LOS ANGELES, CA, UNITED STATES, May 20, 2025 /EINPresswire.com/ -- Business Lead Maximizer, led by sales strategist Tom Jackobs, has launched a hybrid AI and human-powered answering service designed for private pay medical clinics and wellness practices.

“

Most private-pay practices lose thousands every month from missed calls. This service ensures no patient is left hanging—and it sounds like a real person because sometimes it is.”

Tom Jackobs

The new service combines advanced AI-driven voice technology with trained human support to ensure calls are answered quickly and professionally—24/7.

Unlike fully automated systems that can feel impersonal, this hybrid model maintains warmth and accuracy while boosting operational efficiency.

Practices using the service report a significant increase in appointment bookings, improved patient satisfaction, and better conversion from inquiries to consults.
