# Louvre Hotels Group taps RobosizeME to Automate Voucher Reconciliation

PRAGUE, CZECH REPUBLIC, May 12, 2025 /EINPresswire.com/ -- RobosizeME, a leading provider of [robotic process automation (RPA) solutions for hospitality](#), has been selected by Louvre Hotels Group to automate the time-intensive process of voucher reconciliation. By automating the reconciliation of vouchers from providers such as Sodexo and Edenred, RobosizeME is enabling Louvre Hotels Group to eliminate hundreds of hours of manual work every month, driving efficiency and accuracy across their operations.

Louvre Hotels Group, known for its portfolio of over 1,700 hotels across the globe, identified voucher reconciliation as a repetitive and resource-intensive task that could benefit significantly from automation.

Leveraging RobosizeME's expertise in RPA and the hospitality industry, the new solution simplifies and streamlines the handling of vouchers from leading providers, ensuring quicker and error-free processing while freeing staff to focus on higher-value tasks.

"Implementing RobosizeME's automation solution has transformed our operational efficiency," said François Couturier, IT Finance and HR Director at Louvre Hotels Group. "With this technology in place, we've been able to redirect our team's efforts to more strategic activities, improving both productivity and team satisfaction."

The automation provided by RobosizeME is not only enhancing Louvre Hotels Group's internal processes but is also reducing the potential for human error, improving accuracy and reliability in voucher reconciliation.

"We are proud to partner with Louvre Hotels Group to deliver measurable results through
