About 2025 CL Top Personal Injury Boutiques:

Earlier this year, Canadian Lawyer asked readers from across Canada to vote on personal injury firms. They were asked to rank the top firms from a preliminary list, with a chance to nominate a firm that was not on the list.

To be considered in the vote, firms were required to have the majority of their business come from personal injury work. The final rankings were determined through a points system in which firms were rewarded on a sliding scale for the number of votes by ranking. The winners were categorized by geography, including the Top 10 in Ontario and the Top 5 in Western and Atlantic Canada.

The quantitative results were combined with the Lexpert peer survey results, where applicable, along with feedback from respected senior members of the bar and regional diversity considerations.
