

Anacomp Assessed 'Awardable' for Department of Defense work in the CDAO's Tradewinds Solutions Marketplace

HERNDON, VA, UNITED STATES, May 13, 2025 /EINPresswire.com/ --

[Anacomp](#), a leading U.S. provider of Intelligent Document Processing (IDP) solutions, including Release of Information (ROI) and Freedom of Information Act (FOIA) process enhancement and redaction solutions, today announced that it has achieved "Awardable" status through the Chief Digital and Artificial Intelligence Office's (CDAO) [Tradewinds Solutions Marketplace](#).

The Tradewinds Solutions Marketplace is the premier offering of Tradewinds, the Department of Defense's (DoD's) suite of tools and services designed to accelerate the procurement and adoption of Artificial Intelligence (AI)/Machine Learning (ML), data, and analytics capabilities.

Anacomp's solutions are designed to create high-quality digital data assets from unstructured records to enable mission applications and provide actionable information using artificial intelligence (AI), machine learning (ML), computer vision, and natural language processing (NLP). Our solutions are used by a wide range of businesses, including more than 120 public sector organizations, Fortune 500 companies and commercial customers.

"We are thrilled that our solution has been selected as an innovative AI solution within the Business Process Improvement category of the Tradewinds marketplace," said Tyler Dulmage, CEO of Anacomp. "Our solutions can provide the DoD with the ability to improve release of information for all services, significantly reduce costs, optimize resources, provide timely responses, and accurately protect service members and veterans private information."

Anacomp's video, Release of Information and FOIA Solution, accessible only by government customers on the Tradewinds Solutions Marketplace, presents an actual use case in which the company provides an ROI and FOIA IDP solution to a DoD agency who eradicated a six-month backlog of requests, reduced average fulfillment to less than 15 days, while achieving >99.8%

accuracy with 50% fewer staff. Anacomp was recognized among a competitive field of applicants to the Tradewinds Solutions Marketplace whose solutions demonstrated innovation, scalability, and potential impact on DoD missions. Government customers interested in viewing the video solution can create a Tradewinds Solutions Marketplace account at [tradewindAI.com](https://tradewindai.com).

About Anacomp: Anacomp delivers a powerful value proposition to federal, state, and local governments by providing secure, scalable, and intelligent document and data management solutions that streamline operations, ensure compliance, and drive digital transformation. With decades of experience supporting government agencies, Anacomp specializes in converting paper, microfiche, and unstructured data into actionable digital assets through advanced Intelligent Document Processing (IDP), document digitization, and secure cloud-based platforms. By enhancing information accessibility, reducing manual workloads, and improving data accuracy, Anacomp empowers agencies to meet mission-critical objectives, optimize citizen services, and strengthen audit readiness while maintaining the highest standards of information security and regulatory compliance.
