Scotsman Guide: A Benchmark of Mortgage Industry Performance

Each year, Scotsman Guide, a leading resource for mortgage professionals, compiles its Top Originators list based on verified production data from thousands of licensed loan officers across the United States. Categories include total dollar volume, number of loans closed, and performance in specialized markets such as purchase or refinance loans.

To qualify, originators must submit detailed, audited performance data from the previous calendar year. Recognition by the Scotsman Guide is considered one of the industry's highest honors, validating both the volume and quality of service provided to borrowers.
