

ProScan Imaging of Jeffersonville Now Offering CT Services

ProScan Imaging of Jeffersonville now offers CT services in addition to High Field Open MRI, expanding lower-cost imaging options for Kentuckiana.

JEFFERSONVILLE, KY, UNITED STATES, May 14, 2025 /EINPresswire.com/ -- At the start of 2025, ProScan Imaging of Jeffersonville announced that they were expanding their low-cost imaging services with the addition of [CT imaging](#).

The addition of outpatient CT exams by experienced, professional technologists reflects ProScan's focus on continued growth in affordable, high-quality, patient-centered healthcare.

ProScan Imaging of Jeffersonville's lineup of advanced diagnostic imaging services now consists of [High-Field Open MRI](#) and CT with efficient scheduling and convenient appointment times and in-network coverage with all major insurance carriers—offering significant cost savings for patients compared to local hospitals.

Between both ProScan locations in [Kentuckiana](#), there are now three MRI options and a CT option—including high-end equipment options for claustrophobic patients. These newly expanded services diversify the toolbox for medical providers and patients alike.
