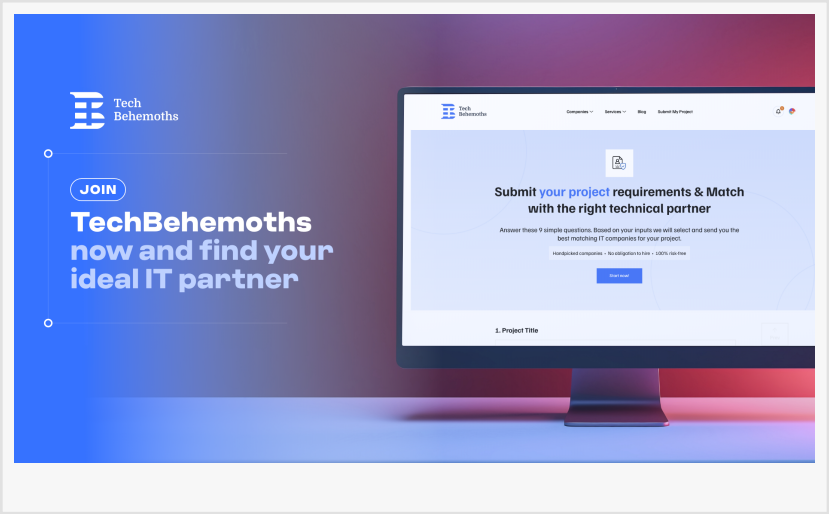
TechBehemoths Improves Project Submission Form to Help Clients Find the Right IT Partners

The updated feature makes it easier to find the best-matching IT companies for your project needs



GERMANY, May 13, 2025 /EINPresswire.com/ -- TechBehemoths, the leading global platform is proud to announce the launch of its revamped project submission feature - Submit Your Project. This new feature aims to simplify the process for those who need reliable technology partners, offering them a smarter and more efficient matching system.

Its extremely user-friendly interface and intuitive functionality will ensure a smooth experience from start to finish and will help you find your best-matching IT service provider effortlessly.

In the first 10 days since the relaunch of the improved Submit My Project functionality, over 120 projects have been successfully connected to best best-matching IT companies Each project is sent to a carefully selected list of companies, ensuring a well-targeted and relevant matching process for both parties. The TechBehemoths team prioritizes smart matching, not mass distribution.

Personalized Approach to Finding the Right IT Service Partner

The new project submission feature guides users through a series of questions designed to better understand their project needs:

1. Project Title & Overview
2. Services Required
3. Location Preferences
4. Current Project Stage
5. Timeline & Budget

After submitting the form, clients receive a carefully handpicked list of IT companies that perfectly align with their requirements, with increased precision and optimal use of time and resources.

Key Benefits: Simple, Fast, 100% risk-free

- Easy-to-use interface, structured in stages, greatly simplifies the process of defining project requirements, making it accessible even for those without technical knowledge.
- Manual verification by the TechBehemoths team ensures precise and relevant matching of the request, emphasizing quality over quantity.
- Fast project processing, through which, within one business day, clients receive their list of IT companies suitable for their needs, thus accelerating your decision-making process.
- No obligations! The functionality they offer is fully guaranteed and does not involve any commitment. We provide the interconnection with the IT company, and all you have to do is specify the negotiated details.

Excited to begin? Find your company now, fully benefit from it, and connect with trusted tech partners who meet your unique needs.

TechBehemoths connects real projects with 55,348 IT companies from 143 countries and 7,277 cities as of today and continues to reduce the gap between the demand and supply of IT service providers. The improved Submit Your Project feature is about the platform's commitment to supporting valuable collaborations that stimulate innovation and growth.

About TechBehemoths

TechBehemoths is a German-made platform that matches IT companies with clients worldwide. By offering an extensive directory and advanced connecting methods, TechBehemoths helps businesses find the right partners to succeed in the ever-changing digital landscape. The platform redefines the way companies discover, evaluate, and collaborate with technology talent - reliably and cost-free, offering users a transparent, accessible, and results-oriented experience.
