

Workstatus Unveils Powerful New Features for Smarter Team, Budget & Project Management

Workstatus rolls out powerful new features for project tracking, budgeting, invoicing, and team coordination to boost productivity and efficiency.

NOIDA, UTTAR PRADESH, INDIA, May 22, 2025 /EINPresswire.com/ -- [Workstatus](https://www.workstatus.com/), a leading workforce management software, has introduced a range of powerful new features designed to streamline project tracking, team coordination, and workflow optimization for modern businesses.

Workstatus - The All-in-one workforce management software to gain detailed insights, streamline workflows, and maximize profits every day with ease.

Key Updates Include:

□ Attendance & Jobsite Tracking:

“

Our customers spoke, and we acted. From improved employee onboarding visibility to robust budget controls, these updates empower teams to work smarter, not harder.”

Parvessh Agarwal

- Improved check-in/out process
- Live location monitoring with jobsite filters
- Duration tracking for more accountability
- Budgeting & Billing Controls:
 - Streamlined check-in/out for faster attendance logging
 - Get alerts when budget thresholds are reached
 - Mark projects as billable or non-billable easily
- Twilio & WhatsApp Integration:
 - Verify users via WhatsApp numbers

- Enable two-factor authentication through WhatsApp
- Configure communication templates at the org level

- Invoice Management:
 - Create flexible, timesheet-based invoices

- Use intuitive “mark as paid” feature
- Export invoices quickly in just a few clicks

Workstatus is also visually enhanced, which makes budget management more intuitive. Some of the updates are:

- Budget Chart Screen:
 - Visualize budget data with clear charts
 - Spot trends and variances instantly
 - Simplify budget tracking through visuals

- Budget Report:
 - Track allocations and spending accurately
 - Organize reports by project or time frame
 - Use for internal planning and reviews

- Financial & Budget Listing Screen:
 - View all financial data on one screen
 - Access reports and summaries quickly
 - Navigate budgets and invoices with ease

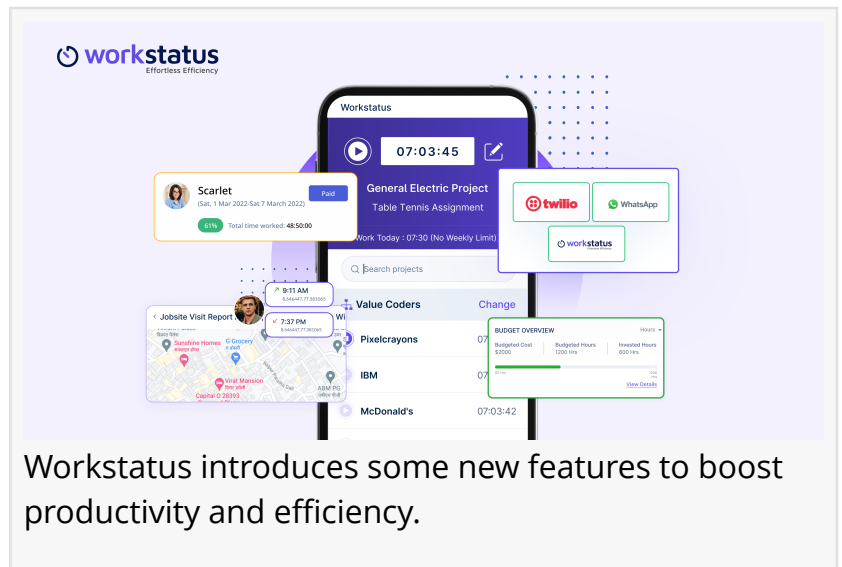

- Bill Rate & Pay Rate History Tracking:
 - Record every bill/pay rate change
 - Ensure full transparency in pay history
 - Access historical data with timestamps

Additional Improvements

Workstatus has also added several important quality-of-life improvements based on user feedback:

- Start Time Preference in Timesheets:
 - Set default start times for work entries
 - Log hours manually when needed
 - Save and submit timesheets in seconds

- Easy Project Setup:
 - Customize views and layout options

Workstatus introduces some new features to boost productivity and efficiency.

- Enable or disable project IDs
- Upload logos to align with branding

□ Check Employee Onboarding Status:

- Added Onboarding Screens to guide users through new features
- Introduced Organization-level currency conversion settings
- Added Free Trial feature selection during onboarding

"These updates reflect our commitment to continuous improvement. We're focused on making Workstatus the most user-friendly and powerful [workforce management tool](#)," added Parvessh Agarwal.

The updates have been rolled out at no additional cost. Users will see the new features automatically upon logging into their accounts.

□ Why are Businesses Switching to Workstatus?

- Powerful workforce analytics to optimize productivity and operational efficiency.
- App & website usage monitoring to track productivity and eliminate distractions.
- Compliance management with audit-ready reporting and policy enforcement.
- Flexible customization options for dashboards, reports, and tracking preferences.
- Enterprise-grade data security ensures compliance with industry standards and regulations.
- Comprehensive reporting with real-time insights and customizable performance analytics.

Workstatus streamlines workforce management, reducing the need to use multiple tools. Its powerful features enhance transparency, efficiency, and productivity to drive business growth.
