

The Good Feet Store Opens in Geneva to Help Local Residents and Workforce Live the Life They Love

The Leading Retailer of Premium, Personally-Fitted Arch Supports Expands with the Sixth Store in the Greater Chicago Area

GENEVA, IL, UNITED STATES, May 17, 2025 /EINPresswire.com/ -- [The Good Feet Store](https://www.einpresswire.com/story/the-good-feet-store-opens-in-geneva-to-help-local-residents-and-workforce-live-the-life-they-love/), recognized nationally as the market-leading manufacturer and retailer of premium, personally-fitted arch supports, announced today the upcoming opening of a location in Geneva. Scheduled for May 17, the store's grand opening celebration will feature refreshments and treats for customers as well as the opportunity to be the first to experience a free in-store fitting.

“Opening the Geneva location, the sixth Good Feet Store in the Greater Chicago market, further enhances our ability to fulfill our mission to help individuals live healthier, more active lives along with adding jobs to the Geneva community,” said Heather D’Agosta, CEO of ECM-GF Venture Group, the owner of The Good Feet Store in Geneva. “Our Good Feet Arch Support System is specifically designed to offer comprehensive relief and support to people of all ages and fitness levels whether alleviating pain, improving performance, or aiding in recovery.”

“

Opening the Geneva location...further enhances our ability to fulfill our mission to help individuals live healthier, more active lives along with adding jobs to the Geneva community”

ECM-GF Venture Group*

Situated at 1506 Commons Drive, Unit 8060, the Geneva store will be the 278th store to open in the United States

and is part of a strategic growth initiative that stands to open approximately 40 locations in 2025. As with all the brand’s stores, the Geneva location will offer customers a no-obligation, free,

personalized in-store fitting with a trained Good Feet Arch Support Specialist.

“Everything is connected,” said Pamela Mehta, MD, a board-certified orthopedic surgeon and Chief Medical Officer of Modern Performance + Recovery Brands. “Oftentimes people with low back pain, knee pain, or hip pain don’t even recognize that it’s actually coming from the poor support they have in their feet. The Good Feet 3-Step Arch Support System is clinically proven to provide significant pain relief

in only 4 weeks*, as found in an academic study conducted with Dr. Adam Landsman from Harvard Medical School and Massachusetts General Hospital.”

For more than 30 years, The Good Feet Store has been an innovator in foot health and wellness — and it starts with Good Feet Arch Supports. Consisting of three types of arch supports, the Good Feet Arch Supports System works in concert to provide better pain relief, performance, balance and comfort. By focusing on all four arches in the foot, the supports are designed to keep the foot in the ideal position for the body, which helps to eliminate the pain felt in the feet, knees, hips and back.
