“

I am so proud of all our associates at our community. Their excellence in care has helped us earn the 5-Star CMS rating.”

*LaDon Harris, Executive Director*

“I am so proud of all our associates at our community. Their excellence in care has helped us earn the 5-Star CMS rating,” stated LaDon Harris, Executive Director. He added, “It truly is a testament to the dedication and expertise of our team of associates.”

According to CMS, the Five-Star Quality Rating System was

created to help consumers, their families, and caregivers compare nursing home communities. Each community receives an overall rating, as well as separate ratings for health inspections, staffing and quality measures. The Nursing Home Care Compare website features a quality rating system that gives each nursing home a rating of between 1 and 5 stars. Nursing homes with 5 stars are considered to have much above average quality and nursing homes with 1 star are considered to have quality much below average.
