LOS ANGELES, CA, UNITED STATES, May 19, 2025 /EINPresswire.com/ -- SNEAD Films to Premiere "Lovebug" at IFS with Star-Studded Screening Featuring Logan Pepper, Lena Torlumke & Blake Kaiser

Still from Lovebug

Snead Films highly anticipated gritty '80s vintage Indie Feature "Lovebug" is slated to premiere at LA LIVE, screening to start at 8pm on May 21st at LA LIVE as part of the Independent Filmmakers Showcase (IFS) Film Festival. This marks the exciting return of Logan Pepper to the screen following his breakout role on American Housewife. The Producers are Dylan Marzke, Jules Brown, Luke Neau, Sky Stockton, Ryan Sadigh, and Lauren Chappell. The production company is Snead Films.

Directed and written by Blake Kaiser, "Lovebug" stars Logan Pepper (American Housewife) as Douglass and Lena Torluemke (Law & Order) as Gracie, this dynamite team of creatives have created a true Indie Feature that stands out in cinematography and story. "The roles of Douglass and Gracie were cast brilliantly, both actors brought very real performances and had great chemistry on screen. I particularly enjoyed Douglass' journey and growth as a character as he transitions from one extreme to the next" - Lydia, FilmProbe

Set against the vibrant vintage backdrop of 1980s Los Angeles, "Lovebug" follows Douglass (Logan Pepper), a lonely and impressionable young man who becomes entangled in a relationship with Gracie (Lena Torluemke), an eccentric hustler down on her luck. After their initial encounter, Gracie convinces the naive Douglass to become an adult film star under her management.

Douglass ventures down an increasingly dangerous path as Gracie's charm and ambition propel

“Douggy-Style” into stardom through personalized self-tapes. As their relationship deteriorates, it becomes unclear whether “Douggy-Style” is a star or merely a pawn in Gracie’s game. Douglass discovers the extreme lengths he must go to win back his autonomy as his path takes an unexpected turn into a deadly twist.

“Though set in the ‘80s, Lovebug remains relevant today. Back then, engaging with adult content was jarring because it was harder to access. Today, that content is instantly available, shaping young people’s perceptions early. Lovebug explores how sex is often misunderstood while growing up, and how mainstream porn can distort intimacy—blurring the line between giving ourselves out of love versus out of obligation.” stated Blake Kaiser (Writer/Director).

Kaiser captures the vibrant yet gritty aesthetic of 1980s Los Angeles with an intimate directorial approach, bringing the world of Douglass and Gracie to life.

The screening will be held during the 34th Annual IFS Film Festival on May 21st at LA LIVE Regal Theatre in Los Angeles, CA (1000 W. Olympic Blvd, 90015). Purchase tickets now at [www.IFSfilm.com](http://www.IFSfilm.com).
