

# New York Art Life Features Ellenoor Shameli: A Journey Through Innovative Video Storytelling at the BBC

*Join us as we explore the captivating world of video journalism with Ellenoor Shameli, BBC's Features Video Fellow, in this week's exclusive interview.*

CHELSEA, MANHATTAN, NY, UNITED STATES, May 16, 2025 /EINPresswire.com/ -- [New York Art Life this week's interview](#) features Ellenoor Shameli, a talented Features Video Fellow at the BBC. Shameli has made a significant impact in the realm of video journalism, producing compelling narratives that resonate with audiences across various platforms.

In her role at the BBC, Shameli has developed, conducted interviews for, and produced numerous stories that range from the groundbreaking scientific advancements of microscopic medical robots to nostalgic cultural explorations of country music's origins. Her digital productions, hosted on BBC.com, have garnered over two million views and have been broadcast across CBS local stations nationwide, showcasing her ability to connect with diverse audiences.

"Creating videos that resonate with viewers is not just about the visuals; it's about crafting stories that are engaging and enlightening," Shameli stated. "I aim to provide an escape from the daily news cycle, offering uplifting content that brings smiles to people's faces."

The interview delves into her career achievements, providing insights into her creative process and the strategies that have led to the viral success of her YouTube adaptations. [Notable highlights include her Jupiter imagery](#) video, which reached 1.8 million views, and engaging coverage of the Comedy Wildlife Photography Awards, which attracted 642,000 views. These successes underline her ability to select compelling visuals and narratives that captivate audiences.

Shameli's innovative approach to storytelling is evident in her meticulous process. She begins by pitching ideas based on current trends, calendar events, and visually captivating topics. After

The video about pictures of Jupiter garnered 1.8MM views on the BBC Global YouTube”

securing editor approval, she conducts interviews with relevant experts, crafting scripts that highlight impactful quotes and visuals. Utilizing tools like Final Cut Pro, she enhances her videos with animations and graphics that keep viewers engaged.

The interview also explores her experiences, such as her time at Cambridge University, where she developed a

passion for journalism through engaging with notable figures and crafting unique narratives. This foundation has propelled her career, leading to her current role at the BBC, where she continues to break new ground in video journalism.
