## A Global Movement for Heart-Led Leadership

At the core of Horsfield's movement is the Awaken the New Feminine Paradigm Leadership Summit, a free global event featuring 24 New Thought Leaders and visionaries. This virtual summit promotes a new model of leadership rooted in emotional intelligence, intuition, and

soulful authenticity. Inspired by the Dalai Lama's powerful message that "The Western woman will change the world," the summit is an invitation for women around the world to rise into their power as conscious leaders and catalysts for change.

"This isn't just a summit," says Horsfield, "it's a soul call. We're gathering to ignite a revolution of heart-led leadership that can transform not only lives but the future of our planet."

The summit is free to attend, with a VIP option available that includes workshop recordings and bonus gifts from the speakers. All profits from the VIP option will be donated to support the prevention of human trafficking, weaving activism into spiritual service.

Workshop: Awaken the Empowered Leader Within

Complementing the summit is Horsfield's 3-Day Awaken the

Empowered Leader Within Workshop, designed to help participants unlock their soul's mission, transmute emotional wounds, and embrace their sacred leadership gifts. This immersive experience offers practical tools and soul-aligned strategies for stepping into embodied empowerment and visionary leadership with New Thought leaders and teachers such as Anodea Judith, Geeta Sidhu-Robb, and Schamet Horsfield will be teaching her Manifest Like a Jedi Master Masterclass, and teachers from all over the world will be guiding a Transformative live workshop that will offer transformation, empowerment, and soul purpose alignment.
