

Plus Manufacturing Inc. Celebrates Continued Green Seal Certification Excellence for Soap Free Procyon Extreme Pre-Spray

Plus Manufacturing, Inc. proudly announces the continued Green Seal® Certification of its Soap Free Procyon Extreme Pre-Spray.

SPOKANE, WA, UNITED STATES, May 19, 2025 /EINPresswire.com/ -- Plus Manufacturing, Inc., a leading innovator in environmentally responsible cleaning solutions, proudly announces the continued [Green Seal®](#) Certification of its [Soap Free Procyon Extreme Pre-Spray](#). This certification reaffirms the product's compliance with the stringent "GS-37 Edition 7.8 Cleaning Products for Industrial and Institutional Use" standards, reinforcing the company's nearly four-decade commitment to sustainable and effective cleaning solutions.

Extreme! Carpet Pre-Spray

"As we move further into 2025, we're honored to maintain our Green Seal® certification for Extreme Pre-Spray, which continues to set the benchmark for environmentally responsible cleaning products," said Jonathan Pearlstein, Vice President of Plus Manufacturing. "This ongoing recognition reflects not just our dedication to product excellence but our unwavering commitment to providing solutions that protect both indoor environments and our planet's ecosystems."

The Soap Free Procyon Extreme Pre-Spray, first certified by Washington D.C.-based Green Seal Inc. in 2007, has maintained its position as an industry leader in eco-friendly cleaning. The product's formulation with a cleaning pH of 10 and a dry pH of 6.5 makes it one of the safest high-performance cleaning solutions available, backed by extensive testing and certifications that exceed industry standards.

"In today's market, customers increasingly demand products that deliver exceptional results without compromising environmental safety," Pearlstein noted. "Our Extreme Pre-Spray meets these needs by effectively handling tough cleaning challenges while maintaining our soap-free, odor-free formula that professionals and consumers have trusted for nearly four decades."

The Extreme Pre-Spray formula continues to be manufactured without hazardous chemicals, volatile organic compounds (VOCs), or per- and polyfluoroalkyl substances (PFAS), ensuring complete safety for users, occupants, and the environment.

Green Seal® Certification
