contouring and aesthetic procedures, will now provide patients with access to GetHairMD's complete suite of non-surgical hair restoration treatments. These solutions are designed to address all forms of hair loss with minimal disruption to patients' daily lives.

"After seeing countless patients struggle with hair loss and its impact on their self-confidence, I'm excited to offer truly effective solutions without the need for surgery or downtime," said Dr. Neaman. "Partnering with GetHairMD allows us to provide scientifically-backed treatments that

complement our existing aesthetic services and fulfill our mission of helping patients look and feel their best."

The new partnership enables patients to access personalized hair restoration treatments previously unavailable in the region. Dr. Neaman's practice will utilize HairMetrix, an AI-powered hair diagnostic tool that precisely measures hair density, thickness, and growth patterns to create individualized treatment plans.

Patients at Neaman Plastic Surgery & Medi Spa will benefit from GetHairMD's multi-modality

approach, which includes:

- Clinical hair growth laser therapy stimulates and regrows hair follicles
- Non-invasive Topical Delivery Device technology that delivers pharmaceutical-grade serum directly to hair follicles
- DNA-based customizations to guide treatment plans based on genetic testing
- At-home programs for ongoing maintenance and long-term results

"Dr. Neaman's commitment to bringing innovative techniques to the Willamette Valley aligns perfectly with our mission at GetHairMD," said John Carullo, President of GetHairMD. "His dedication to patient education and personalized care makes him an ideal partner to bring these transformative hair restoration solutions to Salem."

As part of the GetHairMD network, Neaman Plastic Surgery & Medi Spa has secured exclusive territory rights in Salem and the surrounding areas. This new business model helps practices become the premier provider for their patients in the region, ensuring consistent, high-quality care throughout the treatment process.

The partnership emphasizes affordable treatment options, allowing more patients to access these advanced hair restoration solutions. Treatment plans are personalized based on each patient's specific needs, and hair loss patterns.
