

Digital Beachhead Wins M&A Today Award for 'Most Client-Focused Cyber Security & Risk Management Consultancy 2025'

M&A Today magazine has just announced its 2025 award winners. Digital Beachhead wins "Most Client-Focused Cyber Security & Risk Management Consultancy 2025"

COLORADO SPRINGS, CO, UNITED STATES, May 20, 2025

/EINPresswire.com/ -- [Digital Beachhead](#), a leading provider of cybersecurity and risk management solutions, is proud to announce that it has been named the "Most Client-Focused Cyber Security & Risk Management Consultancy 2025" by the highly respected M&A Today Global Awards.

This award recognizes Digital Beachhead's unwavering commitment to its clients, exceptional service delivery, and innovative approach to cybersecurity and risk mitigation. The M&A Today Awards are a benchmark for excellence, celebrating the best and brightest across various sectors and geographies—highlighting firms that consistently demonstrate outstanding performance, leadership, and customer impact.

“

We are honored to receive this recognition from M&A Today”

CEO - Mike Crandall

“We are honored to receive this recognition from M&A Today,” said Mike Crandall, CEO of Digital Beachhead.

“Being named the most client-focused consultancy in our field validates our mission: to protect our clients’ digital

assets through personalized, strategic, and forward-thinking security solutions. This award is a testament to the dedication of our entire team and the strong partnerships we build with every

client we serve.”

Digital Beachhead has continued to expand its influence across industries including defense, finance, healthcare, and manufacturing, delivering comprehensive services such as vulnerability assessments, compliance consulting, threat intelligence, incident response, and managed security services. Its client-first philosophy ensures that each engagement is tailored to meet the unique needs and risk profiles of the organizations it protects.

As cyber threats grow more complex and widespread, Digital Beachhead remains committed to empowering its clients with the tools, insights, and support they need to operate securely and confidently in the digital age. They believe the path to cybersecurity begins with a conversation and are ready to chat anytime.
