ISO 9001:2015, the latest version of the ISO 9001 standard, assesses risk-based thinking, leadership engagement, and continuous process improvement. It is designed to help organizations meet the needs of customers and partners while maintaining regulatory compliance and operational effectiveness.

As part of the certification process, STARCHEM USA underwent a rigorous third-party audit by ARS Assessment Private Limited, and was recognized for its adherence to

best practices in quality management, operational efficiency, and demonstrated excellence in areas such as:

- Customer focus and satisfaction
- Process consistency and documentation
- Leadership engagement and accountability

- Continuous monitoring, measurement, and improvement

This certification further assures customers, partners, and suppliers that STARCHEM USA is dedicated to upholding the highest standards in quality management and business performance.
