TORONTO, ONTARIO, CANADA, May 20, 2025

/EINPresswire.com/ -- Bullion Mart, one of

Canada's most trusted names in precious metals, is proud to announce the official

launch of its Dealer Program — a powerful initiative that gives dealers and wholesalers across Canada and beyond direct access to wholesale pricing on bullion and jewelry, with no delays and ready-to-ship inventory.

This new program is set to redefine how precious metals and fine jewelry are sourced by dealers, wholesalers, and independent retailers, offering them competitive pricing that matches the markets of Dubai and India, along with the efficiency and reliability that Bullion Mart is renowned for.

## Unlock Wholesale Advantage

With the Dealer Program, Bullion Mart is opening the doors of opportunity to a broader range of businesses. Whether you are an established bullion dealer, a wholesaler, a pawnshop owner, or a jeweler looking to expand your inventory at lower costs, Bullion Mart's new platform offers wholesale access to gold, silver, platinum, and palladium products, as well as a growing selection of fine jewelry.

"This is more than a program — it's a partnership opportunity," says Moniruz Zaman, CEO of Bullion Mart. "We understand the pain points dealers often face, including high premiums, long wait times, and inconsistent supply. Our Dealer Program removes those barriers. We're offering transparent wholesale pricing, real-time inventory, and lightning-fast fulfillment — all from a trusted Canadian supplier."

## What Makes Bullion Mart's Dealer Program Different?

**Wholesale Bullion Pricing:** Buy gold and silver bars, coins, and rounds at discounted dealer rates directly through Bullion Mart's exclusive program.

**Jewelry at Dubai and India Prices:** Dealers now have the unique advantage of sourcing 22K and 24K gold jewelry at prices comparable to those found in Dubai and India — a massive edge in the competitive jewelry market.

**No Waiting, No Hassles:** All products listed on Bullion Mart's website are in stock and ready for immediate pickup or shipping, ensuring that dealers can maintain consistent stock and respond to market demands without delays.

**Fast Nationwide Delivery:** Whether you're located in Toronto, Vancouver, Calgary, Montreal, or anywhere else in Canada, Bullion Mart offers quick and secure delivery options to ensure your orders arrive safely and on time.

**Trusted Canadian Brand:** With a strong industry reputation, years of experience, and a robust international network, Bullion Mart stands as a reliable wholesale partner for dealers across North America and beyond.

#### A Game Changer for Canadian Dealers

Bullion Mart's Dealer Program comes at a time when demand for physical gold and silver is on the rise, and dealers are looking for better margins and stronger supply chains.

With the Canadian market often facing higher premiums and restricted supply, Bullion Mart's initiative addresses these challenges head-on. By offering access to global pricing benchmarks like those in Dubai and India, the company empowers Canadian dealers to compete internationally and serve their clients with better pricing and product variety.

#### A Seamless Online Experience

All products offered under the Dealer Program are featured on Bullion Mart's official website, [www.bullionmart.ca](http://www.bullionmart.ca). Dealers can log in to access their exclusive pricing, browse inventory in real time, place orders 24/7, and arrange for pickup or shipping within minutes.

"Our platform is built to serve dealers efficiently," adds Zaman. "We've streamlined the process so that from the moment you log in, you're accessing live inventory, competitive pricing, and a seamless buying experience."
