*Bed Bug Service Now a Standard Option at Universal Pest & Termite*

VIRGINIA BEACH, VA, UNITED STATES, May 21, 2025 /EINPresswire.com/ -- [Universal Pest & Termite](#) Now Includes Bed Bug Protection in Premium Pest Program (PPP) – No Contract Required

As part of its 25th anniversary celebration, Universal Pest & Termite is proud to announce that bed bug service is now included as a standard feature in its Premium Pest Program (PPP). This enhanced offering comes with no long-term contract—customers are free to cancel at any time.

[Bed bugs](#) are increasingly recognized as a serious health concern and are not limited to poorly kept homes. These pests can easily be introduced into a clean home via clothing, luggage, or visitors. Universal Pest & Termite aims to provide peace of mind to homeowners with proactive and responsive protection against bed bug infestations.

□□ Bed Bug Facts Every Homeowner Should Know

1. Bed Bugs Are Not a Sign of Poor

Don't Let The Bedbugs Bite

## Hygiene

- Bed bugs can infest any home, clean or cluttered. They often hitchhike in on luggage, clothing, or used furniture.

### 2. They're Expert Hiders:

- Bed bugs hide in mattress seams, furniture cracks, baseboards, and even behind wall hangings.
- They're most active at night and are difficult to detect until a population is established.

### 3. Bed Bug Bites Can Cause Health Issues:

- Their bites can lead to itchy welts, allergic reactions, and even sleep disturbances.
- Bed bugs are considered a public health concern due to their impact on mental and physical well-being.

### 4. They Reproduce Quickly:

- A single female can lay up to 500 eggs in her lifetime.
- Infestations can escalate rapidly if not addressed early.

### 5. DIY Doesn't Cut It:

- Over-the-counter sprays and home remedies rarely work long-term.
- Professional treatment is essential to fully eliminate an infestation.

### 6. Prevention Is Key:

- Inspect hotel rooms when traveling.
- Avoid bringing secondhand furniture into your home without inspecting it.
