

CCRPS Achieves Prestigious CPD Accreditation Across All Eight Clinical Research Certification Programs

CCRPS, a leader in clinical research education, is pleased to announce that all eight of its comprehensive clinical research training programs

OREM, UT, UNITED STATES, May 22, 2025 /EINPresswire.com/ -- The Certified Clinical Research Professionals Society (CCRPS), a leader in clinical research education, is pleased to announce that all eight of its comprehensive [clinical research training](#) programs have now achieved prestigious CPD (Continuing Professional Development) accreditation. This milestone underscores CCRPS's unwavering dedication to the highest standards of educational excellence, professional growth, and career advancement in the clinical research sector.

Unmatched Recognition with CPD Accreditation

CPD accreditation serves as a globally recognized benchmark of educational quality, ensuring that CCRPS courses meet the stringent standards required for continuing professional education. The achievement of CPD accreditation across the entire suite of CCRPS's training programs signifies a powerful endorsement of the Society's commitment to exceptional content, instructional quality, and real-world applicability.

Graduates from CCRPS now benefit from globally acknowledged credentials, enhancing their professional credibility and significantly boosting career prospects within the clinical research

industry.

Comprehensive CPD-Accredited Clinical Research Programs

CCRPS offers eight meticulously designed certification programs, each now carrying CPD accreditation. These programs cater to all professional levels—from entry-level roles to advanced medical positions:

Advanced Clinical Research Coordinator Training & Certification (ACRCC): 124 CPD-accredited lessons providing comprehensive CRC expertise.

Advanced Clinical Research Associate Training & Certification (ACRAC): 287 CPD-accredited lessons preparing CRAs for exceptional performance.

Advanced Pharmacovigilance and Regulatory Affairs Training & Certification (APVASC): 173 CPD-accredited lessons aligned with international regulatory requirements.

Advanced Clinical Research Project Manager Training & Certification (ACPMC): 284 CPD-accredited lessons focused on effective trial management.

Advanced Principal Investigator Training & Certification (ARIPC): 177 CPD-accredited lessons equipping clinical leaders.

Advanced Good Clinical Practice Training & Certification: 73 CPD-accredited lessons adhering to ICH guidelines.

Advanced Research Assistant Training & Certification (ACTAC): 115 CPD-accredited lessons foundational for aspiring research assistants.

Advanced Medical Science Liaison and Medical Monitor Training & Certification (AMSLC): 284 CPD-accredited lessons tailored for experienced medical professionals.

Driving Professional Excellence

CPD accreditation guarantees that CCRPS courses adhere to best practices and current industry standards, effectively addressing the evolving demands of clinical research roles. Each course is crafted by a distinguished panel of 24 expert instructors with extensive industry experience, ensuring that graduates gain relevant, up-to-date knowledge, and practical skills necessary for immediate career impact.

Strategic Leadership and Enhanced Career Support

The recent appointment of Brian Achille as Chief Operating Officer brings additional strategic

leadership to CCRPS, enhancing organizational efficiency and ensuring continuous innovation. Under Achille's guidance, CCRPS is also expanding its exclusive job board powered by YM Careers, further supporting alumni with unparalleled career advancement opportunities at over 1,600 organizations worldwide.

Pioneering Industry Standards

CCRPS remains committed to pioneering evidence-based education, continuously updating content to reflect cutting-edge methodologies and innovations in clinical research. With CPD accreditation across its entire program suite, CCRPS solidifies its standing as an industry leader, dedicated to setting and exceeding benchmarks for clinical research training and professional development.

This comprehensive accreditation initiative significantly strengthens CCRPS's position as the preferred choice for clinical research professionals seeking to achieve career excellence and contribute meaningfully to global healthcare advancements.
