JS Investments, in partnership with Gohar Developers, has launched Pakistan's first Shariah-compliant green Hotel REIT, offering sustainable real estate investment opportunities backed by a global hospitality brand in Hyderabad.

Following SECP's regulatory approvals, JS Hotel REIT reaches a significant milestone today with the signing of a strategic investment agreement. The Gohar Group of Companies, through its owners and partners, has joined as a founding strategic investor with an anchor commitment comprising both land and equity contributions.

Anchored by a 139-key premium hotel operated under a franchise model with a global hospitality brand, JS Hotel REIT brings institutional-grade real estate investment to Pakistan's emerging hospitality sector. Designed with a forward-looking approach, the project incorporates environmentally responsible construction practices, supporting the growing demand for sustainable infrastructure in Pakistan's urban centers.

Ms. Iffat Zehra Mankani, CEO of JS Investments Limited, stated:

“As the manager of Pakistan’s first hotel REIT, we are pleased to offer investors a professionally managed and regulated investment vehicle backed by international hospitality standards. This partnership supports our broader vision of creating new asset classes that contribute to Pakistan’s economic and infrastructure development.”

Hyderabad’s growing commercial activity and tourism has outpaced the city’s existing hospitality infrastructure. A premium international hotel brand, now under construction, is set to bridge this gap with world-class services for both business and leisure travelers.

Muhammad Hanif Gohar, Chairman of Gohar Developers, added: “We are proud to collaborate with JS Investments on this pioneering project. By introducing a multinational brand to Hyderabad, we aim to deliver a landmark destination that supports the city’s growth and positions it as a hub for business and tourism. Gohar Group currently has nearly 40 residential and commercial projects across Pakistan, reflecting our strong commitment to national development. We are also active in oil and gas, mining and minerals, defense procurement, sales and marketing, education, and information technology. Most recently, we have stepped into the aviation sector with the launch of Air Karachi — a joint venture backed by some of Karachi’s most prominent and respected business leaders. In addition, Gohar Group is also deeply invested in CSR initiatives focused on healthcare, education, orphanages, and support for children with special needs—working to uplift communities and create lasting social impact. Through this REIT structure, we are building a platform focused on transparency, strong governance, and accessibility for institutional investors, while expanding our impact across multiple sectors. Today’s announcement builds on JSIL’s leadership in real estate fund management, following the successful launch of JS Rental REIT in 2022, anchored by The Centre, a commercial office tower in Karachi. With JSHR, JSIL furthers its mission to broaden access to regulated real estate investments for institutional and accredited investors.
