

# May Is Skin Cancer Awareness Month

*Schedule Your Skin Exam Today at the New Cardinal Dermatology Center in Cary, NC*

CARY, NC, UNITED STATES, May 22, 2025 /EINPresswire.com/ -- May is Skin Cancer Awareness Month, and this year, it coincides with the opening of [Cardinal Dermatology Center](#), a new physician-led practice now serving Cary

and the surrounding Triangle region. With skin cancer rates on the rise and early detection more important than ever, this brand-new center offers a timely and essential service: fast, expert dermatologic care with same-week appointments available now.

Kevin Nethers, MD, FAAD

Conveniently located at 150 Wellesley Trade Lane, Suite 204, Cary, NC 27519, at the intersection of NC Highway 55 and High House Road, Cardinal Dermatology Center is making it easier than ever for residents across Cary, Apex, Raleigh, Durham, and Chapel Hill to prioritize their skin health.

## Why May Matters: Skin Cancer Awareness Month

Skin cancer is the most common form of cancer in the United States, with an estimated 9,500 people diagnosed every day. Yet, it is also highly preventable and very treatable when caught early. The American Academy of Dermatology urges everyone to perform regular skin self-checks and to see a board-certified dermatologist for full-body exams, especially if you notice any spots that are changing, itching, or bleeding.

May serves as a national call-to-action, educating the public about:

- Sun safety: Seek shade, wear protective clothing, and apply broad-spectrum sunscreen (SPF 30+)
- Avoiding tanning beds
- Understanding risks for all skin types and tones
- Detecting early signs of basal cell carcinoma, squamous cell carcinoma, and melanoma
- Scheduling skin exams with qualified professionals

Cardinal Dermatology Center: Local, Expert, Accessible

At the helm of Cardinal Dermatology Center is Dr. [Kevin Nethers, MD, FAAD](#), a board-certified

dermatologist with a deep passion for early skin cancer detection. Inspired by family members affected by melanoma, Dr. Nethers has contributed to national melanoma research and treatment guidelines. His approach to dermatology is driven by clinical excellence, compassionate care, and fast access to appointments.

“Our mission is to give this community the dermatologic access it deserves,” says Dr. Nethers. “Skin cancer is often curable when detected early. If you’ve never had a skin check—or it’s been too long—now is the time.”

#### Same-Week Appointments — No Long Waits

Patients can expect:

- Full-body skin cancer screenings and mole evaluations
- Diagnosis and treatment of common skin conditions like acne, psoriasis, eczema, and rosacea
- Evaluation of hair loss and scalp conditions
- Suture removals, wound checks, and follow-up dermatology care
- A welcoming, physician-led environment with a focus on medical (not cosmetic) dermatology

Appointments can be scheduled online at [www.cardinaldermatologycenter.com](http://www.cardinaldermatologycenter.com)

Or by calling 919-230-4016
