

Blu Banyan Wins Oracle NetSuite's Spring 2025 Spotlight Award for Solar Industry Excellence

*Blu Banyan Recognized for
Transformative NetSuite Implementation
Driving Efficiency and Scalability at Big Sun Solar with SolarSuccess.*

BERKELEY, CA, UNITED STATES, May 22, 2025 /EINPresswire.com/ -- [Blu Banyan](#) has been named

“

This recognition validates our mission to help solar businesses scale profitably through operational excellence.”

Jan Rippingale - CEO, Blu Banyan

winner of Oracle NetSuite's prestigious Spring 2025 Solution Provider Spotlight Award in the Energy/Solar Industry category. Blu Banyan is a leading provider of solar-specific business management software. The recognition highlights Blu Banyan's exceptional implementation of [SolarSuccess](#) at [Big Sun Solar](#). SolarSuccess is Blu Banyan's flagship software built on the NetSuite platform.

The NetSuite Spotlight Awards celebrate outstanding members of NetSuite's partner ecosystem. These partners demonstrate proven success in deploying NetSuite solutions that enable clients to maximize their return on investment. The highly competitive awards recognize partners who go beyond standard implementations. They create tailored solutions that address unique client challenges. The awards also recognize clients committed to optimizing the operational impact of their implementation.

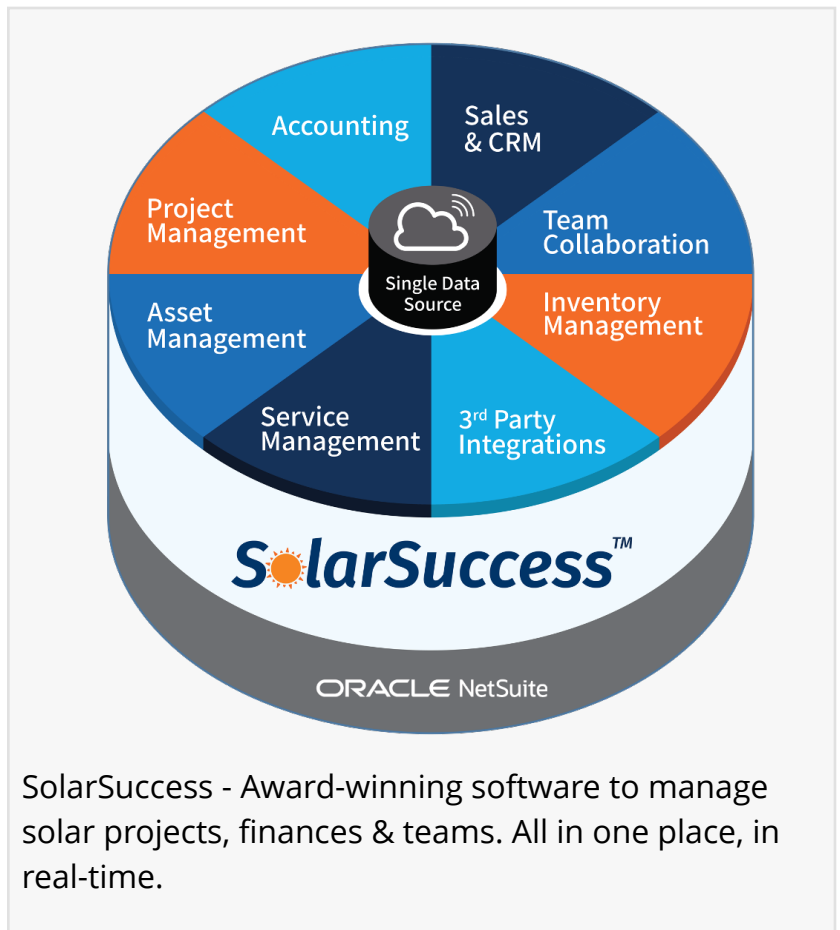

Big Sun Solar was founded in 2015 in San Antonio, Texas. The company partnered with Blu Banyan to replace disconnected systems that were hindering growth. The solar provider specializes in commercial rooftop installations, solar canopies, and ground-mounted systems. Big Sun Solar completed its SolarSuccess implementation in August 2024 after a six-month process.

"Switching to SolarSuccess built on NetSuite was a strategic move," said Leanna Khrystyuk, VP Finance at Big Sun Solar. "We wanted to unify our operations on a single, comprehensive platform tailored for the solar industry's specific operational needs. From day one, Blu Banyan's team provided unwavering support and brought deep expertise to the table. Their understanding of both NetSuite's capabilities and our business demands made them an

invaluable ally in our transition."

The award-winning implementation delivered transformative results for Big Sun Solar. The solution provides end-to-end visibility across the entire customer journey. It enables detailed cost tracking for more accurate budgeting and stronger forecasting capabilities.

"This recognition validates our mission to help solar businesses scale profitably through operational excellence," said Jan Rippingale, CEO of Blu Banyan. "Our SolarSuccess solution with bluActions technology is revolutionizing how solar companies manage projects. We transform ad-hoc processes into a streamlined, repeatable assembly line of project actions. The results speak for themselves. Solar businesses using SolarSuccess can convert their projects-to-cash 40% faster. This dramatically improves cash flow and profitability."

At the heart of SolarSuccess is Blu Banyan's innovative bluActions technology. This technology brings assembly-line level efficiencies to solar project management. The solution delivers key benefits that transform operational challenges into strategic advantages. These benefits include real-time insights across all functional areas, data-driven decision making, streamlined project execution, scalable financial management, and strategic alignment of budgets and schedules.

About Blu Banyan

Blu Banyan is a leading provider of solar-specific business management solutions built on the NetSuite platform. The company's flagship product, SolarSuccess, helps residential, commercial, and utility-scale solar installers scale profitably. It optimizes operations and improves project management efficiency.
