

CompuGroup Medical's CGM AMBI named 'Best AI-Assisted Software Solution' in 9th annual MedTech Breakthrough Awards

Prestigious, international awards program recognizes standout digital health and medical technology

AUSTIN, TX, UNITED STATES, May 27, 2025 /EINPresswire.com/ -- [CompuGroup Medical US](#) (CGM), a leading provider of innovative healthcare IT solutions and ARIA revenue cycle management services, today announced that [CGM AMBI](#) has been selected as “Best AI-Assisted Software Solution” in the 9th annual [MedTech Breakthrough](#) Awards program conducted by MedTech Breakthrough, an independent market intelligence organization that recognizes the top companies, technologies and products in the global digital health and medical technology market.

CompuGroup Medical's CGM AMBI Ambient AI Solution enhances clinical documentation and improves patient care through AI-driven insights. CGM AMBI transcribes clinical encounters, saving time for providers and allowing for a more patient-focused, doctor-patient connection. The solution “listens to” and interprets the entire patient visit, extracting and transcribing relevant details from the doctor, patient, staff, and accompanying family members.

CGM AMBI organizes pertinent information into the appropriate sections of the EHR note: chief complaint, history of present illness (HPI), review of systems, examination, medication, services performed, plan, and more. It also proposes diagnoses, orders, and billing codes with confidence ratings to support reporting and assist with speedier review. Its order creation works with a provider's saved templates, and providers can quickly review, edit, and send the order.
