The [contract furniture market size](#) has seen strong growth in recent years, increasing from \$63.21 billion in 2024 to an estimated \$67.1 billion in 2025, representing a compound annual growth rate CAGR of 6.2%. This substantial growth over the historic period can be attributed to a variety of factors, including corporate office expansion, emerging trends in office design, increases in hospitality and tourism, adoption of sustainable and eco-friendly practices, and the overall globalization of business.

What Future Growth Is Expected In The Contract Furniture Market?

Looking forward, the contract furniture market is anticipated to continue its robust growth. The market value is projected to grow to \$85.56 billion in 2029 at a compound annual growth rate CAGR of 6.3%. This forecasted growth can be attributed to the rise of remote work culture, focus on wellness and ergonomic design, increased demand for flexible and modular furniture solutions, trends towards customization and personalization, and the rapid growth of co-living spaces.

There are several major trends expected in the forecast period including technology integration, adoption of biophilic design elements, smart furniture and IoT integration, application of virtual and augmented reality in design, and innovations in sustainable materials.
