

Siam Seaplane Launches SSP Club: A New Era of Exclusive Aerial Travel Privileges

SSP Club introduces three specialized offerings that redefine how premium travelers interact with regional air mobility.

BANGKOK, THAILAND, May 26, 2025 /EINPresswire.com/ -- Siam Seaplane and Siam Scenic, Thailand's provider of seamless premium amphibious seaplane and air charter flight services, are proud to announce the launch of SSP Club, an exclusive membership program designed to elevate the private aviation experience for travelers and strategic partners alike.

A frequent flyer with Siam Scenic

“

We remain committed to offering more than just transportation. We are starting this program with our operations in Thailand first, and a strong view to expand across our Seaplane Asia footprint soon.”

Dennis Keller, CEO Seaplane Asia

three specialized offerings that redefine how premium travelers interact with regional air mobility. Each offer is tailored to meet the needs of a growing community of frequent flyers, adventure-seekers, and discerning travelers.

Sky Pass

The gateway to SSP Club, the Sky Pass, is a flexible, flight credit-based membership. Members purchase flight credits at preferred rates, unlocking benefits such as extended validity, volume bonuses, and tier-based redemption privileges. The simplicity of prepaid credits, combined with exclusive route access, offers a refined and

convenient solution for those who value their time as much as their journey.

Sky Scout

For travelers with a spontaneous spirit, Sky Scout offers annual access to a selection of exclusive empty-leg flights across the region. These flights are typically repositioning flights. This occurs

when a chartered aircraft flies empty to pick up guests at a different location or returns empty after dropping them off. Sky Scout notifies members of these opportunities at very accessible prices. Members enjoy insider access to last-minute luxury getaways and flights, providing value, flexibility, and discovery — all without compromising on the elevated Siam Seaplane experience.

SkyShare Circle

Most exclusively, SkyShare Circle invites select individuals into an exclusive investment opportunity, reserved for the most engaged members. Through a carefully structured Special Purpose Vehicle, participants can obtain company shares in the Group company, Seaplane Asia, and gain equity in a carefully curated, invitation-only offering. This top-tier circle brings together visionaries who are not only VIP guests — but partners in shaping the future of premium last-mile air mobility in Asia.

By Invitation, Through Experience

SSP Club is not open to the general public. Instead, it is extended as a privilege to those who demonstrate a passion for travel and loyalty through regular engagement with Siam Seaplane and Siam Scenic. There are no separate membership fees — activation begins with the first credit package, seamlessly blending travel with tailored membership access.

“As we expand our presence across Asia, we remain committed to offering more than just transportation. We are starting this program with our operations in Thailand first, and a strong view to expand across our Seaplane Asia footprint soon, with the possibility of true interoperability,” said Mr. Dennis Keller, CEO of Seaplane Asia. “SSP Club is a reflection of our dedication to crafting immersive, thoughtful journeys — and rewarding those who travel with intent,” added Ms. Worakanya Siripidej, CEO of Siam Seaplane.

With the launch of SSP Club, Siam Seaplane sets a new benchmark for private aviation loyalty — where rewards are not just earned, but experienced. Benefits are being rolled out gradually, and
