

Caton Media XStream Wins APB+ Award for IP Broadcast Solutions

Caton Media XStream Wins APB+ Award for IP Broadcast Solutions

TAIWAN, May 29, 2025 /EINPresswire.com/ -- Caton Technology, a leading provider of IP broadcast solutions, has been honored with the APB+ Award for IP Broadcast Solutions at the 2025 Asia-Pacific Broadcasting+ Awards. Caton Media XStream, the company's flagship IP broadcast solution, was recognized for its exceptional performance and innovation in the field. The award is a testament to Caton's commitment to providing high-quality, reliable broadcast solutions to its clients.

Caton Media XStream is a powerful IP broadcast solution that enables broadcasters to deliver high-quality content to their audiences. It features a range of advanced features, including multi-protocol support, scalable architecture, and robust security. Caton Media XStream is designed to meet the needs of a wide range of broadcast applications, from live streaming to on-demand content delivery.
