## About THE SPINSTER I ONCE KNEW

The book, based on a true story, invites readers to reflect on the power of legacy, identity, and the unseen courage of women history often forgets.

## A Glimpse into the Past with Purpose

In The Spinster I Once Knew, Kay Perrin paints a tender yet revealing portrait of a fiercely independent woman navigating the shifting tides of early 20th-century America.

Blending historical fiction with personal memoir, Perrin brings to life her great-aunt Clara—an unconventional heroine who defied societal expectations and pursued a path marked by education, resilience, and quiet rebellion.

## A Woman Ahead of Her Time

Set against the backdrop of post-frontier Colorado and the growing cityscape of Denver, Clara emerges as a woman far removed from the domestic expectations of her era. While others sought marriage and security, Clara sought knowledge and purpose. Educated, opinionated, and deeply private, she devoted her life to teaching children, traveling the world, and cultivating a quiet form of self-reliance.

What stands out in Perrin's narrative is how Clara never bowed to the pressures that often defined a woman's value by her marital status. She was, by all accounts, a "spinster"—a word that once carried stigma, now reclaimed in the book as a symbol of strength and choice.

## A Journey Rooted in Family

Though much of Clara's life was solitary by choice, her story is framed through the curious eyes of a young child—Perrin herself. Through these intimate visits and observations, the reader slowly uncovers the peculiarities of Aunt Clara's lifestyle: the dimly lit house, the absence of modern conveniences, and the strict routines that seemed eccentric but were, in truth, rooted in frugality, discipline, and self-respect.

These vignettes give the book a haunting nostalgia, capturing both a child's wonder and the adult reflection that brings deeper understanding. It's through this lens that Perrin draws attention to the complexities of familial bonds, generational distance, and the silent sacrifices made by women like Clara.

## From Denver to the World—and Back

One of the book's most compelling arcs follows Clara's unexpected invitation to homeschool seven children aboard a yacht during a Pacific voyage. What might seem like a fairytale opportunity is treated with sober realism by Perrin. Clara takes the role not out of romantic fantasy but as an extension of her belief in education and individual growth. This voyage, symbolic of both literal and emotional distance from societal norms, reflects Clara's enduring commitment to her values.

Through world travels, Clara's identity as a global citizen deepens. She isn't just a spinster with peculiar habits—she's a woman who educated herself in art, politics, and nutrition, who lived with quiet dignity, and whose story was never defined by the absence of a husband but by the presence of a purpose.

## What the Author Wants You to Know

Perrin's writing is more than a tribute; it's a call to reframe how we define success, especially for women in a time where options were limited and judgments swift. By sharing Clara's story, Perrin amplifies the voices of women who lived unconventional lives and yet left indelible marks on those around them.

There's an underlying message here: history is not just made by presidents and pioneers. It's also carried in the footsteps of women who walked to the grocery store every day, who practiced yoga on worn-out rugs, who taught generations without applause, and who chose solitude not from sadness, but from self-knowing.

## A Life Worth Remembering

The Spinster I Once Knew is not a loud book, but its echoes linger. It teaches readers to value the

quiet courage found in lives that defy the expected script. Through her vivid recollections and warm narrative, Kay Perrin invites readers to see their own families, elders, and forgotten matriarchs in a new light.

Clara may have been labeled a “spinster,” but in Perrin’s hands, she becomes something far richer—a teacher, a world traveler, a woman of principle, and above all, a symbol of self-determined grace. In a world where many still feel pressured to follow one path, Clara’s story is a powerful reminder that fulfillment comes in many forms—and that sometimes, the most radical act is simply to live life on your own terms.

Kay Marie Perrin joins other leading CEO’s, founders, and thought leaders that have participated in this informative and popular interview show. In the interview with Andy Jacob, Kay Marie Perrin discusses about THE SPINSTER I ONCE KNEW.
