The updated website highlights Sunbeam’s full-service offerings—from custom window treatments and motorized shades to [energy-efficient windows](#), [durable entry doors](#), and premium awnings. Built with homeowners in mind, the platform makes it easy to explore product options, learn about installation services, and [schedule in-home consultations](#).

Locally owned and operated, Sunbeam combines a showroom experience in Pennsauken with a convenient in-home service. Customers receive expert design guidance, precise measuring, and professional installation, all backed by warranties ranging from 12 years on awnings to lifetime

protection on select shades and windows.

Sunbeam’s window treatment includes everything from shutters to blinds, shades, and awnings, with an option for motorization for modern convenience. The site also showcases custom replacement doors and windows for more extensive home improvement projects.

To bring their new website to life, Sunbeam partnered with Window Treatment Marketing Pros (WTMP), a digital marketing agency specializing in the window treatment industry. The project includes enhanced SEO, user experience improvements, and a strategy to generate qualified leads through both organic and paid channels.
