*Season 1 Now Streaming on Amazon Prime Video*

CARLSBAD, CA, UNITED STATES, May 28, 2025 /EINPresswire.com/ -- [AVACEN Medical](#) (AVACEN), a leading developer and manufacturer of noninvasive, FDA-Cleared Class II thermotherapy medical devices, announced today that they are featured in Season 1, Episode 2 of the new documentary "Biohack Yourself", now streaming on [Amazon Prime Video](#).

“

We are thrilled to be part of "Biohack Yourself", a documentary that aligns perfectly with our mission to empower individuals with the tools and knowledge to live healthier, more vibrant lives"

*Danielle Forsgren*

Episode 2, "Optimizing Our Rejuvenation" dives into cutting-edge tech and sound therapy. Explored are how these innovations optimize wellness, boost energy, and combat aging, offering a tech-driven path to repair, rejuvenation, and thriving health.

The "Biohack Yourself" documentary follows the journey of the Lolli family, a passionate couple determined to uncover

the secrets of biohacking and bring practical solutions to everyday individuals. Over the course of nine months, they conducted an astounding 113 interviews with world-renowned experts, including PhDs, MDs, inventors, scientists, and leading academics in the field. The result is an eye-opening narrative that raises important questions: Can biohacking deliver measurable health benefits? Or is it merely pseudoscience masquerading as innovation?

AVACEN Medical's inclusion in the documentary (at one hour and 18 minutes) highlights its revolutionary thermotherapy medical device and its role in the biohacking movement. By using cutting-edge technology to improve microcirculation, AVACEN has become a cornerstone of wellness for individuals seeking to optimize their physical health naturally, safely and effectively.

"We are thrilled to be part of "Biohack Yourself", a documentary that aligns perfectly with our mission to empower individuals with the tools and knowledge to live healthier, more vibrant lives," said Danielle Forsgren, President and Co-Founder at AVACEN who is featured. She added, "this film offers a transparent and compelling look at biohacking, and we are honored to contribute to this important conversation."

Audiences will gain insight into whether the Lollis were able to resolve their personal health challenges through biohacking or if their findings will lead them to debunk widely held beliefs in the wellness industry. Featuring candid interviews, scientific analyses, and practical takeaways, "Biohack Yourself" aims to inspire the viewer to take control of their health journeys.

The documentary's premiere on Amazon Prime Video marks a milestone in bringing biohacking to the forefront of global wellness conversations. Whether you're a skeptic, a curious observer, or a wellness enthusiast, "Biohack Yourself" offers a thought-provoking look at how science and innovation intersect with the human potential for vitality.
