Retinal Detachment Global Market Report 2025 -
Market Size, Trends, And Global Forecast 2025-2034

What Is The Projected Market Size Of The Retinal Detachment Market?

“

It will grow to \$2.98 billion in 2029 at a compound annual growth rate (CAGR) of 6.6%.

”

*The Business Research
Company*

The [retinal detachment market size](#) has witnessed a substantial increase in recent years. The market value is said to have grown from \$2.16 billion in 2024 to an estimated \$2.30 billion in 2025, with a compound annual growth rate CAGR of 6.9%. This growth in the historic period can be attributed to factors such as the aging population, increased prevalence of diabetes, a surge in the incidence of eye injuries, increased awareness of retinal diseases, and expansion of healthcare

infrastructure.

What Is the Projected Market Size of Retinal Detachment In The Next Few Years?

The retinal detachment market size is expected to see strong growth in the upcoming years. By 2029, the market is set to jump to \$2.98 billion, maintaining a CAGR of 6.6%. Rising cases of high myopia, growing adoption of minimally invasive procedures, increased access to specialized eye care, expanded health insurance coverage, and promising research in gene therapy are projected to support future growth. Besides, key trends show a tilt towards artificial retina implants, growth of teleophthalmology services, advancements in stem cell therapy for retinal repair, integration

of robotic-assisted retinal surgeries, and enhancements in retinal imaging.

What Is Driving Strong Growth In The Retinal Detachment Market?

Eye surgery trends are revealing a strong wave propelling the retinal detachment market forward. Eye surgeries correcting vision problems, treating diseases, or repairing injuries are witnessing an increasing number. Prolonged screen exposure is causing health conditions like digital eye strain, cataracts, and myopia, thereby requiring surgical treatment. Meanwhile, lifestyle changes and increased dependence on digital devices have contributed to rising eye-related problems. The need for innovative techniques and technology to restore vision, improve surgical precision, and enhance patient outcomes have been driven by retinal detachment, leading to significant advancements in eye surgeries.

Who Are The Major Players In The Retinal Detachment Market?

Taking a glance over the leading industry players retrains our attention focused on some names. Baxter International Inc., Alcon Vision LLC, Bausch & Lomb Incorporated, Carl Zeiss Meditec AG, Santen Pharmaceutical Co. Ltd., Optos plc, IRIDEX Corporation, Keeler Ltd. A Halma Company, Rudolf Riester GmbH, Lombart Instrument Inc., Synergy Eye Care Pvt. Ltd., Ellex Medical Lasers Ltd., Millennium Surgical Corp., iCare World iCare Finland Oy, Surtex Instruments Limited, Eyenuk Inc., Lumibird Medical, NIDEK Co. Ltd., ONL Therapeutics Inc., FCI Ophthalmics all form a part of this league.

What Are The Emerging Trends In The Retinal Detachment Market?

A new trend of huge interest emerging in the market is the development of innovative services such as surgical retina services by major market players. These programs or facilities specialize in advanced surgical treatments for retinal conditions. Launched in July 2024, the Surgical Retina Service by NYC Health + Hospitals/Harlem, a US-based teaching hospital, is a notable example. Developed in association with Columbia University Irving Medical Center's Edward S. Harkness Eye Institute, this new service focuses on diagnosing and treating various retinal diseases, including retinal detachment.

How Is The Retinal Detachment Market Segmented?

An extensive analysis of the market segmentation paints an inclusive picture of the retinal detachment market. The market's key segments include:

1 By Condition Type: Rhegmatogenous Retinal Detachment, Tractional Retinal Detachment, Exudative Retinal Detachment

2 By Treatment: Photocoagulation, Cryopexy, Pneumatic Retinopexy, Scleral Buckling, Vitrectomy

3 By End User: Hospitals And Clinics, Specialty Centers, Other End Users

Subsegments considered are:

1 By Rhegmatogenous Retinal Detachment: Retinal Tears, Retinal Holes, Giant Retinal Tears

2 By Tractional Retinal Detachment: Diabetic Tractional Detachment, Proliferative Vitreoretinopathy PVR, Retinopathy of Prematurity ROP

3 By Exudative Retinal Detachment: Inflammatory Disorders, Tumors, Vascular Disorders

What Are The Regional Insights Into The Retinal Detachment Market?

Regional Insights indicate that North America held the largest market share in the retinal detachment market in 2024. However, Asia-Pacific is predicted to witness the fastest growth in the forecast period.
