

Escape Motions Celebrates 10 Years of Rebelle Painting Software and Announces Rebelle 8 Coming Soon

PIESTANY, SLOVAKIA, May 28, 2025 /EINPresswire.com/ -- Escape Motions, the visionary developer behind the award-winning digital painting software [Rebelle](#), proudly announces a major milestone: the 10th anniversary of Rebelle's launch. What began as a [watercolor simulation](#) has become a full-featured creative software, embraced by tens of thousands of artists across more than 170 countries.

To commemorate this landmark year, Escape Motions is inviting artists and fans to join the celebration with a look behind the scenes, exclusive anniversary offers, and a chance to win early access to the highly anticipated Rebelle 8 Pro.

A Decade of Innovation in Digital Painting

Rebelle was born from the creative vision of Peter Blaškovič, who sought to replicate the spontaneous, fluid behavior of watercolor in a digital format. Over the past decade, the software has evolved dramatically and become a comprehensive studio of tools, including oils, acrylics, watercolors, inks, pencils, and more, combined with lifelike pigment mixing and advanced water diffusion.

"From passionate hobbyists to professional painters, illustrators, and concept artists, Rebelle has become a trusted tool for creators worldwide," said Peter Blaškovič, CEO of Escape Motions. "We're incredibly proud of the journey so far and even more excited about what's coming next."
