

# Yes Energy Named Snowflake Manufacturing & Industrials Data Cloud Product Partner of the Year for Second Year in a Row

*Yes Energy was one of the first energy data vendors to deliver data through Snowflake Marketplace and has continued to innovate alongside its customers.*

SAN FRANCISCO, CA, UNITED STATES, June 3, 2025 /EINPresswire.com/ -- Yes Energy today announced at Snowflake Summit 2025 that it has been named the 2025 Snowflake Manufacturing & Industrials Data Cloud Product Partner of the Year by Snowflake, the AI Data Cloud company. This marks the second consecutive year that Yes Energy has earned this recognition.

As the long-standing leader in energy data delivery and a Snowflake Elite Partner, Yes Energy was one of the first energy data vendors to deliver data through Snowflake Marketplace and has continued to innovate alongside its customers — many of whom directly shaped the company's Snowflake-based product offerings. Through the Snowflake Marketplace, Yes Energy provides high-volume, high-velocity, near real-time and historical data — securely, scalably and cost-effectively — to support mission-critical decisions across energy trading, demand response, power procurement and marketing, and asset development.

"We are honored to once again be recognized by Snowflake," said Isaac Velandar, Chief Product Officer at Yes Energy. "Our customers depend on timely, trusted data to navigate increasingly complex and data-driven energy markets. Snowflake empowers us to meet that need with
