

# Unconventional Paths To Wealth : Entrepreneurship, Investment, and the Future of Capitalism

*The FPC Presents on June 5th 2025 at the Penn Club in NYC: Unconventional Paths To Wealth : Entrepreneurship, Investment, and the Future of Capitalism.*

NEW YORK, NY, UNITED STATES, May 30, 2025  
/EINPresswire.com/ -- The Penn Club, New York City –  
Thursday, June 5, 2025 | 6:00 p.m.–8:30 p.m.

The Financial Policy Council (FPC) invites a select audience to an evening that dismantles orthodox money-making myths and replaces them with battle-tested frameworks for exponential growth. Four practitioners who have turned audacious vision into measurable wealth will sit shoulder-to-shoulder and reveal their playbooks:

- Paul Mourino – A Manhattan hotelier and security strategist who has steered luxury icons such as the Peninsula, Park-Lane and Hard Rock, commanding 500-plus officers and a 50-property commercial portfolio while mastering hospitality profit levers.
- Patrick Bush – Senior Digital-Assets Analyst at VanEck, renowned for decoding Bitcoin-linked capital structures and delivering institutional-grade intelligence on asymmetric crypto-equity opportunities .
- Felipe Cuello – A cross-border deal-maker who channels U.S. capital into Latin-American energy and infrastructure projects, building high-yield pathways overlooked by mainstream finance.
- Dr. Joseph Nantomah – The “Wisconsin Real-Estate Doctor,” who arrived from Africa in 2016 with \$4,700 and now commands an eight-figure property portfolio while mentoring half a million aspiring entrepreneurs.

“

Come join us and change the world while achieving wealth and prosperity.”

Dear previous and future Financial Policy Council members,

It is with great excitement and positive anticipation that I invite you all to attend the FPC event [insert title] on June 5th 2025 at the Penn Club. This panel will give you a variety of bleeding edge pearls of wisdom and enrich you with investment and cultural knowledge.

Please come to bear witness to a new and improved plus restructured organization. We are dedicated to wealth expansion and free enterprise, while directing group effort toward true ethical and world changing policy creation.

This organization will be colored and improved only by what YOU bring to the table. With new membership to include young professionals and learned elders alike, the FPC is for all to learn, grow and undoubtedly prosper.

Please RSVP with a \$50 dollar donation that will include appetizers and beverages starting at 6pm at the Penn Club June 5th.

Guiding the dialogue is Dr. Martin Johns MD, FPC Chairman—a contrarian physician-

entrepreneur whose green-chemistry company upends the \$400-billion cleaning and disinfectant market.

Why this is a must-attend symposium

Unlike scripted conferences, FPC forums are salon-style, off-record and intentionally intimate.

Attendees will probe questions such as:

- Ride Bitcoin's pure-spot shock wave—no leverage, set to rocket modest stakes into fortunes.
- Slip through luxury-security corridors, turning dormant overhead into 20 %+ geysers.
- Forge dynastic entities transmuting after-tax drips into torrenting passive income, compounding while you sleep.
- Draft behind cross-border megaprojects where currency tailwinds and green updrafts forge climate-proof goldmines.

Speakers will outline concrete vehicles, private placements, REIT-style structures, and tax-advantaged entities that they personally deploy, enabling guests to translate insight into immediate portfolio action.

Event details & registration

Admission is \$50 and includes hors d'oeuvres and open-bar networking. Seating is capped to preserve high-touch exchange; earlier Penn Club sessions sold out within days. Secure your place at.
