“The Huntsville community will finally get to experience the Art of Youth and understand what sets Medloft Spa apart in the wellness market,” said Neil Porras, Founder and CEO of Medloft Spa. “This event is an open invitation to the community and includes additional incentives such as complimentary services and free add-ons with any package purchase. You won’t want to miss it.”

The Huntsville location is part of a broader expansion strategy for the company and is owned and operated by Samantha and Colton Malcom. Medloft Spa currently operates in eight other locations, including markets in Canada, Florida, Ohio, California, New York, and Texas.

Porras shared his enthusiasm for the company’s milestone.

“We’re beyond excited to bring Medloft Spa to Huntsville as our first Alabama location, with an

incredible team leading the charge. This is a special community, and we're honored to showcase the Medloft Spa experience here. There's nothing else like it," he remarked.

A ribbon-cutting ceremony was held the day prior to the soft opening, marking the occasion with a one-hour celebratory event.

Medloft Spa is actively franchising across the United States and is currently seeking new franchise partners. Franchisees benefit from a robust support system that includes marketing strategies, comprehensive training, and ongoing operational assistance.

The company reports strong sales momentum and is working to finalize additional locations this year as it pursues its growth targets.

"We have a clear goal to reach 100 locations within 18 months," Porras noted. "Five locations are already in the funding stage."
