

Ghost Ranch Exotics Welcomes Adorable Wave of Baby Capybaras

Experience the cuteness: guided capybara baby tours now open at Arizona's top-rated private exotic petting zoo.

MARANA, AZ, UNITED STATES, June 2, 2025 /EINPresswire.com/ -- [Ghost Ranch Exotics](#), home to the [largest capybara experience in the United States](#), is thrilled to announce the arrival of more than ten baby capybaras. Starting this month, visitors can book an exclusive, limited-time tour to meet, pet, and feed these famously gentle and social animals in a one-of-a-kind desert oasis.

Baby Capybara Pile

This rare experience allows guests to interact directly with capybara babies—known for their irresistibly calm demeanor and cuddly nature—in a private, guided setting designed for both animal welfare and unforgettable memories. While not all ten babies will be available in a single session, small groupings of 4–5 will rotate in for each tour to ensure the health and comfort of the animals.

“This is the first time we've had this many baby capybaras born on the ranch at once,” said Kenneth MacNeil, co owner of Ghost Ranch Exotics. “They’re incredibly social and curious, and we’re giving people the chance to safely interact with them while they’re still little. It’s like baby goat yoga—but even cuter.”

Ghost Ranch Exotics is a [private exotic petting zoo](#) located just outside Tucson, offering immersive animal encounters with species including porcupines, emus, Patagonian maras, warthogs, water buffalo, and now, a growing capybara family. In addition to the new baby capybara experiences, Ghost Ranch Exotics also hosts monthly
