Ongoing Challenges for CPA

Bookkeeping Services

Rising operating costs, a shrinking pool of skilled professionals, and increasingly complex regulations have intensified pressure on CPA firms nationwide. Recent data shows:

- 68% of mid-sized CPA companies say they have trouble maintaining talented bookkeepers on staff.
- Average annual bookkeeping staffing costs now exceed \$60,000 per firm
- 42% encounter reporting delays due to staff constraints

These challenges make it evident that innovation in CPA Bookkeeping Services is no longer optional. The surge in demand for streamlined operations has also sparked increased interest in outsourced bookkeeping for startups, as smaller entities seek cost-effective strategies to manage essential finance functions.

IBN Technologies: Addressing the CPA Industry's Bookkeeping Burden

Through its offshore model, IBN Technologies offers accounting firms a stable and secure alternative to [traditional in-house bookkeeping](#). With

over 25 years of experience, the firm leverages state-of-the-art infrastructure and a highly skilled team skilled in platforms such as Sage, QuickBooks, and Xero, which enable CPA firms to
