

Synchrocure Launches Franchise Opportunities Across West Virginia

Inspiring Entrepreneurs to Revolutionize Healthcare with Innovative Franchise Solutions in West Virginia

WV, UNITED STATES, June 10, 2025 /EINPresswire.com/ -- [Synchrocure, LLC](https://www.synchrocure.com), a leading supplier of innovative medical devices and solutions, is excited to unveil a major milestone in its mission to advance healthcare across the nation: the introduction of its franchising program. This groundbreaking initiative presents entrepreneurs and sales professionals with a unique opportunity to join the \$3.6 trillion healthcare industry, tapping directly into the rapidly growing \$500 billion medical device market, which is expected to exceed \$650 billion by 2032.

“

We're giving franchisees the tools, knowledge, and support they need to thrive in this dynamic industry while making a meaningful impact in the communities they serve.”

Reza Yazdian, J.D.

Since its founding in 2005, Synchrocure has established itself as a trusted partner in healthcare, delivering advanced medical technologies and fostering relationships built on trust, integrity, and exceptional service. By introducing franchising, the company is now empowering motivated individuals to capitalize on the high-growth, recession-resistant healthcare sector while contributing to improved patient outcomes.

Synchrocure franchisees benefit from access to a wide range of innovative and cost-effective medical devices from

leading manufacturers. Unlike traditional sales models, franchise owners receive comprehensive back-office support, including manufacturer negotiations, training, and logistics management. This allows franchisees to focus on building lasting relationships with healthcare providers and driving revenue growth.

"This franchise program is about more than just business growth - it's about creating a network of empowered entrepreneurs who are passionate about advancing healthcare," said Reza Yazdian, J.D., Principal Managing Partner of Synchrocare.

The franchising program also includes a self-paced, intensive training curriculum covering medical technologies, basic anatomy, and sales techniques, ensuring franchisees are well-prepared to meet the demands of the industry. This training, combined with ongoing support, positions franchisees to succeed within a rapidly evolving healthcare market.

For entrepreneurs seeking a meaningful and lucrative opportunity, Synchrocare's franchise program offers a unique path to business ownership while directly contributing to advancing healthcare. Be part of the transformation of medical device sales while contributing to the enhancement of patient care across the United States. For more information about franchising opportunities with Synchrocare, visit www.synchrocare.com/franchising.

Disclaimer: This information is not intended as an offer to sell, or the solicitation of an offer to buy, a franchise. It is for information purposes only. An offer is made only by Franchise Disclosure Document (FDD). Currently, the following states regulate the offer and sale of franchises: California, Connecticut, Florida, Hawaii, Illinois, Indiana, Kentucky, Maryland, Michigan, Minnesota, Nebraska, New York, North Dakota, Rhode Island, South Dakota, Texas, Utah, Virginia, Washington, and Wisconsin. If you are a resident of, or wish to acquire a franchise for a Synchrocare Franchising Group, LLC to be located in, one of these states or a country whose laws regulate the offer and sale of franchises, we will not offer you a franchise unless and until we have complied with applicable pre-sale registration and disclosure requirements in your jurisdiction. Synchrocare Franchising Group, LLC, 1-877-238-0317, 4914 Cooper Road #42565 Cincinnati, Ohio 45242
