

Logipix International Signs GC&E Systems Group for Channel Representation

GC&E will represent the full line of Logipix high-resolution intelligent computer vision solutions for critical infrastructure protection.

RICHMOND, VA, UNITED STATES, June 2, 2025 /EINPresswire.com/ -- GC&E

Systems Group (GC&E) has signed a reseller partnering agreement with Logipix International Corp. (LPIX) to present Logipix products and solutions across the federal, state, and commercial markets GC&E serves

nationally. Founded in 1999, GC&E is an Alaska Native Corporation providing Information Technology (IT), security, and telecommunications solutions. GC&E also provides system consultation, design, and implementation.

“

Logipix' broad range of solutions provide superior image quality, and a dramatically wider field of view compared to industry-standard technologies.”

Rob Hile, director, commercial business for GC&E

GC&E will represent the full line of Logipix high-resolution intelligent computer vision solutions for [critical infrastructure](#) protection, providing real time decision-making support and improved situational awareness.

"Logipix' broad range of solutions provide superior image quality, and a dramatically wider field of view compared to industry-standard technologies," said Rob Hile, director, commercial business for GC&E. "This partnership supports our commitment to delivering advanced solutions to our customers, giving them the ability to make more informed

decisions in critical situations.”

ABOUT LOGPIX INTERNATIONAL CORP
