## What Is Propelling The Ecommerce And Other Non-Store Retailers Market Growth?

An additional key growth driver for the e-commerce and other non-store retailers market is the increasing number of smartphone users. Smartphones, being the combination of cellular and mobile computing functions into a single unit, have managed to revolutionize e-commerce and non-store retail sectors. This indispensable tool offers a wealth of benefits from greater accessibility and convenience for consumers, to data-driven marketing opportunities and streamlined operational processes for retailers.

## Who Are The Significant Players In The Ecommerce And Other Non-Store Retailers Market Scenario?

The e-commerce and non-store retailer market extends across a vast spectrum of key industry players who actively contribute to market growth. These include Amazon.com Inc., JD.com Inc., Alibaba Group Holding Limited, Walmart Inc., Suning.com Group, and Vipshop Holdings Ltd., among others.

Artificial Intelligence AI has emerged as a dominant trend in the sector. Several leading companies are deploying AI to enhance customer digital shopping experiences and consequently boost their market revenue. AI refers to the simulation of human intelligence in machines programmed to emulate human behaviour and decision-making processes.
