

# Retina Labs Expands In-Home Preventive Care Services to Alabama through New Partnership with VIVA MEDICARE

*VIVA MEDICARE improves access to care for members in Alabama using in-home preventive screenings & at-home lab test kits to close more critical HEDIS measures.*

NASHVILLE, TN, UNITED STATES, June 4, 2025 /EINPresswire.com/ -- Retina Labs, a pioneering leader and innovator of delivering in-home preventive care screenings, is proud to announce a new partnership with VIVA MEDICARE to bring its comprehensive preventive care services to their health plan members in Alabama. This strategic partnership underscores both organizations' shared commitment to improving health outcomes through early disease detection and access to care.

“

This new partnership reflects our deep commitment to making preventive care more convenient and accessible – one in-home visit at a time.”

*Richard Pridham, President & CEO of Retina Labs*

Through this new program partnership, eligible VIVA MEDICARE members in Alabama will now have access to a suite of in-home screenings and at-home lab tests, including:

- Diabetic Retinal Eye Exams
- Osteoporosis Bone Density Scans
- Hemoglobin A1C (HbA1c) Tests
- Kidney Health Evaluation (eGFR/uACR) Tests

These services are designed to meet their members where they are by delivering quality care in the comfort of their

own homes. By promoting quality improvement initiatives that allow for timely interventions where needed, this program encompasses the growing need to improve chronic disease management while closing critical gaps in care.

“We are thrilled to partner with an organization like VIVA MEDICARE who clearly shares both our mission and vision of prioritizing member health,” said Richard Pridham, President & CEO of Retina Labs. “Expanding our footprint into Alabama means we can positively impact even more member lives by removing traditional access to care barriers and ensure these individuals receive the screenings they need. This new partnership reflects our deep commitment to making preventive care more convenient and accessible – one in-home visit at a time.”

With this expansion, Retina Labs solidifies their position as an innovator in the preventive care space by meeting health plan members where they are and enabling them to take a proactive approach in managing their health.
