Primary Driver In The Furniture Foam Market Report
2025 - Market Size, Trends, And Global Forecast 2025-
2034

What Is The Projected Market Size Of The Furniture Foam Market?

The surge in the global [furniture foam market size](#) is noteworthy. From \$58.61 billion in 2024, it is foreseen to escalate to \$62.27 billion in 2025. This corresponds to an impressive compound annual growth rate CAGR of 6.2%. The propulsion in the historical period can be credited to the spiralling demand for comfortable and durable furniture, ascending consumer inclination for customizable furniture solutions, increasing disposable incomes that lead to amplified expenditure on home furnishings, a thriving real estate sector buoying furniture sales and the increasing cognizance of health benefits correlated with premium foam products.
