

ProSat Networks Expands Starlink Installation Services in Washington

ProSat Networks 1-844-799-0258 offers Starlink installation services in Washington state for businesses, homeowners, RV parks & Starlink maritime for boats.

WA, UNITED STATES, July 3, 2025 /EINPresswire.com/ -- [ProSat Networks](#), a professional Starlink installation and onsite IT support services company for commercial businesses, residential homeowners, RV parks and Starlink maritime for boats, following the Q1-2025 acquisition of Pro Starlink Installers has officially announced their expansion of [Starlink installation services](#) throughout Washington (WA), USA.

ProSat Networks Expands Starlink Services in Washington

“

Starlink high-speed low-latency broadband internet is a game changer for many Washington state homeowners, businesses and entire communities.”

spokesperson from ProSat Networks

"Washington residents, businesses and government agencies are embracing low-Earth-orbit (LEO) satellite broadband internet technology with Starlink" stated a spokesperson from ProSat Networks.

According to recent reports from the Washington Utilities and Transportation Commission (WUTC) and the Washington State Broadband Office, hundreds of thousands of Washingtonians, especially in remote rural counties, coastal communities, and areas affected by

frequent storm damage, still lack access to reliable high-speed internet. From the remote homes & businesses in the Palouse Falls region to Olympic National Park and isolated communities throughout Washington, traditional fiber-optic infrastructure often fails to reach the state's most underserved areas. Starlink LEO satellite broadband internet is now readily available to help bridge Washington's digital gap being called the digital divide.

A spokesperson from ProSat Networks went on to say, "Whether it's supporting Washington homes and businesses, private yachts and merchant ships along the west coast and inland, or RV parks & RV resorts wishing to offer better internet service amenities to their guests and residents, demand for professional Starlink installation is growing rapidly across the Evergreen

State."

Unlike traditional Washington state internet service providers (ISPs) that rely on costly fiber-optic cable, for about 1/8th the installation costs per household, Starlink delivers low-latency, high-speed broadband internet directly from LEO satellites orbiting approximately 250 miles above the Earth's surface vs. traditional GEO (geostationary) satellites that orbit at approximately 23,000 miles. This allows urban, suburban and rural businesses, homes, airports, farms, schools, hospitals, clinics, RV parks, campgrounds, hotels, resorts, reservations, mobile operations, government and military agencies, and even in marinas and on boats along the Washington coastline and inland to stay connected with reliable, high-speed broadband internet.

To meet the growing demand, ProSat Networks now offers professional Starlink installation services in Washington for:

1. FIXED LOCATIONS

Washington Commercial Businesses – Enterprise-grade [Starlink business installation](#) & IT integrations as the primary or backup ISP for business-class IT networks for WA state businesses and foreign corporations operating in Washington.

Washington Residential Homes – Reliable high-speed internet is now accessible for remote work, healthcare, e-learning, gaming, streaming—residential rooftop installation in urban and rural Washington counties.

Internet Communities in Washington (wired & wireless) – High-performance commercial-grade Starlink installations within a defined community where only members are granted user access

Starlink Business Installation Washington

to the Starlink network. Internet communities may be organized by owners of any hard-wired structures such as data-cabled apartment buildings, condos and commercial buildings, or wirelessly by household (neighbors living within a certain proximity of each other), HOAs, RV parks, RV resorts, campgrounds, hotels, motels, resorts, retreat communities, marinas and more. In an internet community, users or household groups have their own defined levels of access and data usage while sharing the same Starlink terminal (dish).

Starlink internet communities distribute internet access to multiple locations via a wireless mesh network, P2MP (point-to-multi-point) and/or P2P (point-to-point direct line of sight) WiFi networks and hard-wired/cabled with fiber-optic cable, Cat5, Cat6, etc. LANs (local area networks) & WLANs (wireless local area networks). ProSat Networks offers wired and wireless network design, installation and ongoing support for internet communities such as GIS (Guest Internet Systems) for hotels, RV parks, campgrounds and marinas as well as public and private shared internet community networks in Washington.

2. STARLINK MARITIME INSTALLATIONS

Starlink Maritime for Boats – Maritime installers available in Washington's extensive coastline and inland waterways to install, repair or upgrade your Starlink maritime system on your sailboat, yacht, motorboat, cruiser, fishing boat, charter vessels, and on commercial freighters, tankers, merchant ships, cargo ships, houseboats, marine labs, oil rigs and really just about anything that floats! Coastal, inland waterways and oceanbound Starlink maritime internet solutions.

Starlink Installation Services Now Available Throughout Washington, Including:

- Adams County
- Asotin County
- Chelan County
- Clallam County
- Clark County
- Columbia County
- Cowlitz County
- Douglas County

The advertisement features the ProSat Networks logo at the top left. Below it are five circular emblems representing the United States Army, Air Force, Marine Corps, Coast Guard, and Navy. A central grey box contains the text "\$50 OFF FOR MILITARY & VETERAN'S DISCOUNT" in red and blue. Below this box, it says "ON STARLINK INSTALLATION SERVICES". At the bottom left is a small American flag, and at the bottom right is a phone icon with the number "1-844-799-0258". Below the phone number are the website "www.StarlinkInstallationServices.com" and the email "contact-us@starlinkinstallationservices.com". At the very bottom, in small text, it says "ProSat Networks is not formally affiliated with Starlink, a SpaceX company. Starlink® and SpaceX® are registered trademarks of Space Exploration Technologies Corporation."
