

# Mobile Pods Deployed to Aid Stranded Pilgrim Buses Outside Cities

*Saudi Arabia's Roads General Authority introduced mobile service pods along the Makkah - Madinah Expressway, to assist pilgrims buses breakdowns.*

MECCA, MECCA, SAUDI ARABIA, June 4, 2025 /EINPresswire.com/ -- Saudi Arabia's Roads General Authority ([RGA](#)) has introduced mobile service pods along the Hijrah Expressway that connects Makkah and Madinah. These stations are intended to assist pilgrims whose buses experience mechanical issues en route.

For many pilgrims, the journey between Mecca and Madinah is spiritual and physically demanding. Unexpected bus breakdowns can add to the challenges, leaving pilgrims stranded under the scorching sun. Inaugurated by Saudi Minister of Transport and Logistics Services Saleh Al-Jasser, these mobile units are strategically located along the Hijrah Expressway to support distressed pilgrims. In addition to providing physical assistance, they create a feeling of safety and compassion, reflecting the Kingdom's commitment to the well-being of each pilgrim.

Each mobile unit can host 40 pilgrims and features air conditioning, seating, restrooms, and facilities for serving cold drinks and meals. Functioning 24/7 during the Hajj season, these
