Dentistry Reimagined: Fast, Beautiful, and Luxurious  
At Dent Blanche Dental, Dr. Saad has redefined what it means to go to the dentist. Nestled in a tranquil Princeton location surrounded by koi ponds and mature trees, the practice combines boutique aesthetics with powerful digital tools, offering a seamless, spa-like experience where same-day crowns, smile makeovers, and now 3D-printed

dentures are the new norm.

Available services include:

- Same-day porcelain crowns, veneers, and bridges with CAD/CAM
- 3D-guided implant placement using CBCT imaging
- AI-powered smile design and SureSmile clear aligners
- Laser dentistry for soft tissue and periodontal care
- Metal-free, biocompatible restorations on the Same Day
- 3D-printed dentures in just two appointments

"We're proud to be one of the first luxury dental offices in the region to offer in-house 3D printed dentures in just 48 hours," says Dr. Saad. "Patients who used to wait weeks now get a confident, custom-fit smile in days. It's life-changing."

National Recognition and Leadership in Innovation

Dr. Saad has also been selected to speak at DS World Las Vegas 2025, the premier event for dental technology and digital excellence. She will share how her practice integrates AI, digital planning, and luxury service design to transform patient experiences.

As a national Key Opinion Leader (KOL) for Dentsply Sirona and SureSmile, Dr. Saad also trains other dental professionals on AI-guided cosmetic workflows and practice design. Her pioneering work has positioned Dent Blanche Dental as a national model of modern, high-end care.
