

Global and Specialist Tech Providers Unite at TechSmart NFP 2025 to Help Nonprofits Turn Strategy into Action

Beyond buzzwords: TechSmart NFP 2025 shows how nonprofits are turning strategy into action—with support from Microsoft, Salesforce and more.

LONDON, UNITED KINGDOM, June 4, 2025 /EINPresswire.com/ -- Global and Specialist Tech Providers Unite at [TechSmart NFP 2025](#) to Help Nonprofits Turn Strategy into Action

TechSmart NFP 2025 bring together a powerful mix of global platforms and specialist technology partners to help charities, associations, and membership organisations turn digital strategy into real-world impact.

Taking place on 23rd September 2025 at the Leonardo Royal Hotel London, St Pauls, the event welcomes Microsoft as exclusive Gold Sponsor, supported by a strong line-up of Silver Sponsors including Salesforce, Pixl8, mhance, Bluelight, TES, and Kerv.

A spectrum of solutions, one goal: practical impact

From cloud platforms and CRM ecosystems to finance systems, digital engagement tools and AI-powered applications, the sponsors and exhibitors at TechSmart NFP 2025 represent a broad and relevant cross-section of the technologies now reshaping nonprofit operations and engagement.

Their approaches vary—some build on established enterprise platforms, others deliver dedicated systems developed specifically for nonprofit finance, CRM, digital engagement, service delivery, or AI. Together, they reflect how the sector is adopting a range of tools to meet evolving

demands.

More than just a tech showcase

This year's programme includes solution-focused sessions, peer case studies, and interactive demos that highlight how organisations are moving from strategy to implementation with the right technology in place.

"TechSmart NFP 2025 brings together the full spectrum of nonprofit technology — from global platforms to independent specialists — and, most importantly, the people pushing the sector forward. We're genuinely excited to see major players like Microsoft and Salesforce standing shoulder to shoulder with specialist providers, all working towards the same goal: helping charities and membership organisations succeed. It's this mix of ideas, expertise and energy that makes TechSmart so powerful."
