

Adesso Unveils TAA-Compliant Desktop Peripherals with built-in Fingerprint Technology for Government and Enterprise Use

Adesso launches TAA-compliant PC peripherals with fingerprint login, supporting Windows Hello and FIDO U2F for fast, secure access in regulated sectors.

WALNUT, CA, UNITED STATES, June 4, 2025 /EINPresswire.com/ -- Adesso Unveils TAA-Compliant Desktop PC Peripherals with Integrated Fingerprint Technology for Government and Enterprise Use

Say goodbye to passwords—unlock your PC with one-touch fingerprint authentication.

Walnut, CA – June 4, 2025 – Adesso Inc., a leading provider of desktop and mobile accessories, announces its new line of TAA-compliant peripherals featuring integrated 360° fingerprint readers. Designed for government, healthcare, and finance sectors, the lineup includes the AKB-630FB-TAA Keyboard, AFP-100-TAA USB Fingerprint Reader, and iMouse F1 Ergonomic Mouse—each enabling secure, one-touch identity verification.

Adesso AFP-100-TAA Secure Fingerprint Reader USB Dongle for Windows PC

Adesso Secure Fingerprint Reader USB Dongle for Windows PC using Windows Hello

Secure, Password-Free Access with Windows Hello and FIDO U2F

Adesso's latest fingerprint-enabled devices offer fast, secure logins via Windows Hello and system-level authentication on Windows 10 and 11. Ideal for shared or high-security setups, they also support FIDO U2F for safe access to services like Google, Microsoft, and password managers.

Product Highlights:

AKB-630FB-TAA Keyboard with Fingerprint Reader and Antimicrobial Protection

- Built-in fingerprint reader with 256bit encryption optimized for Windows Hello
- Featuring Embedded Antimicrobial Protection
- Quiet, full-size keyboard with 14 multimedia hotkeys
- One-Touch Access to Microsoft AI via Dedicated Copilot Shortcut Key
- TAA Compliant – Made in Taiwan

“

Security and usability go hand in hand. Our fingerprint-enabled devices deliver fast, reliable access—making security a priority without slowing down productivity.”

Allen Ku
